## BUS AND WALKER SAFETY

- For both bus riders and walking students we urge you to talk with your children about traffic and bus safety
- Be at the bus stop prior to the pickup time so you are not rushed and your student is ready
- Wait at the bus stop in a safe place, away from driveways and the street
- Make sure you make eye contact with the bus driver and wait for them to signal you if you need to pass in front of the bus
- Do not approach the bus until it comes to a complete stop and the driver opens the door
- Quickly get to a seat and remain seated properly while riding the bus
- It is important to listen to your bus driver, your safety is important to them
- Keep your belongings in your school bag and respect others belongings on the bus
- Be on your best behavior, talk quietly and keep your hands to yourself, do not distract the driver or others
- When you get off the bus look both ways before you step down, make sure there are no cars approaching
- Do not bend down or stop near the bus, the driver cannot see you and needs you to be a safe distance away from the bus
- Make sure you make eye contact with the bus driver and wait for them to signal you if you need to pass in front of the bus
- Walkers should cross at the cross walk and look both ways before crossing the street
- Our crossing guards name is Wendy, use the crosswalk that she attends in front of the school to cross Court Street
- The area around the school is very busy and crowded in the morning and afternoon, be aware and always stop, look, and be safe
- Do not run between parked cars or to catch up with friends
- You can visit this web site together for a review of safety tips: <http://www.safeny.ny.gov/Kids/kid-schl.htm>
