

SUBJECT: STUDENT RECORDS: ACCESS AND CHALLENGE

The School District shall comply with the provisions of the Family Educational Rights and Privacy Act of 1974 (FERPA). Under its provisions, "parents/guardians and noncustodial parent(s), whose rights are not limited by court order or formal agreement, of a student under eighteen (18), or a student who is eighteen (18) years of age or older or who is attending an institution of post-secondary education, have a right to inspect and review any and all education records maintained by the School District.

Education Records

The term "education records" is defined as all records, files, documents and other materials containing information directly related to a student; and maintained by the education agency or institution, or by a person acting for such agency or institution (34 Code of Federal Regulations (CFR) Section 99.3). This includes all records regardless of medium, including, but not limited to, handwriting, videotape or audiotape, electronic or computer files, film, print, microfilm, and microfiche.

In addition, for students who attend a public school district, all records pertaining to services provided under the Individuals with Disabilities Education Act (IDEA) are considered "education records" under FERPA. As such, they are subject to the confidentiality provisions of both Acts.

Personal notes made by teachers or other staff, on the other hand, are not considered education records if they are:

- a) Kept in the sole possession of the maker;
- b) Not accessible or revealed to any other person except a temporary substitute; and
- c) Used only as a memory aid.

Additionally FERPA does not prohibit a school official from disclosing information about a student if the information is obtained through the school official's personal knowledge or observation and not from the student's education records.

Records created and maintained by a law enforcement unit for law enforcement purposes are also excluded.

The Board directs that administrative regulations and procedures be formulated to comply with the provisions of federal law relating to the availability of student records. The purpose of such regulations and procedures shall be to make available to the parents/guardians of students and noncustodial parent(s) whose rights are not limited by court order or formal agreement, or students who are eighteen (18) years of age or older or who are attending an institution of post-secondary education, student records, and files on students, and to ensure the confidentiality of such records with respect to third parties.

Under FERPA, unless otherwise exempted in accordance with law and regulation, the District may release personally identifiable information contained in student records only if it has received a "signed and dated written consent" from a parent or eligible student. Signed and dated written consent may

include a record and signature in electronic form provided that such signature:

- a) Identifies and authenticates a particular person as the source of the electronic consent; and
- b) Indicates such person's approval of the information contained in the electronic consent.
