SUBJECT: PATRIOTISM, CITIZENSHIP AND HUMAN RIGHTS EDUCATION

In order to promote a spirit of patriotic and civil service and obligation, as well as to foster in students of the District moral and intellectual qualities which are essential in preparing them to meet the obligations of citizenship, the Board requires students attending District schools, over the age of eight (8) years, to attend instructional courses in patriotism, citizenship, and human rights issues, with particular attention to the study of the inhumanity of genocide, slavery, the Holocaust, and the mass starvation in Ireland from 1845 to 1850 (the "Irish Potato Famine").

The Board also directs that all students attending District schools in grades 8 through 12 receive instruction in the history, meaning, significance and effect of the United States Constitution, the New York State Constitution, and the Declaration of Independence.

The curricula for such courses must include the subjects specified by the Board of Regents and be for the period of instruction, as mandated by the Regents, which is necessary in these subjects in each of the appropriate grades.

One (1) week during each school year a uniform course of exercises shall be provided to teach students, in an age appropriate manner, the purpose, meaning and importance of the Bill of Rights Articles in the United States and New York State Constitutions. These exercises shall be in addition to the above required courses.

The Board directs that the above named subjects, as mandated by law, be addressed in the instructional curricula provided by the District.

INTERPERSONAL VIOLENCE PREVENTION EDUCATION****Civility, Citizenship and Character Education**

The Board of Education recognizes that teaching students respect, civility and understanding toward others, as well as the practice and reinforcement of appropriate behavior and values of our society, is an important function of the School System.

The School District wishes to foster an environment where students exhibit behavior that promotes positive educational practices, allows students to grow socially and academically, and encourages healthy dialogue in respectful ways. By presenting teachers and staff as positive role models, the District stresses positive communication and discourages disrespectful treatment. This policy is not intended to deprive and/or restrict any student of his/her right to freedom of expression but, rather, seeks to maintain, to the extent possible and reasonable, a safe, harassment free and educationally conducive environment for our students and staff.

Furthermore, the District shall ensure that the course of instruction in grades K through 12 includes a component on civility, citizenship and character education in accordance with Education Law. Character education is the deliberate effort to help students understand, care about, and act upon core ethical values.

Character education shall instruct students on the principles of:

- a) Honesty,
- b) Tolerance,
- c) Personal responsibility,
- d) Respect for others,
- e) Observance of laws and rules,
- f) Courtesy,
- g) Dignity, and other traits which will enhance the quality of students' experiences in, and contributions to, the community.

As determined by the Board of Regents, and as further enumerated in Commissioner's Regulations, the components of character education shall be incorporated in existing School District curricula as applicable.
