

School Supply List 2022-2023 Grade 5

In order to save families time and money, instead of providing you with a supply list, we are asking families to contribute \$10.00 to cover the cost of our most used supplies. These supplies will be purchased by your child's teacher and include school supplies (for example: colored pencils, markers, etc.), snacks for celebrations/parties, art supplies for special projects, etc.

However, there is one item that will be used by your child personally and not shared, therefore, we are asking that you send in a pair of headphones/earbuds in a case or a ziplock bag.

The following items are optional, but appreciated:

- tissues
- ziplock bags

Please send in the \$10.00 and any additional supplies with your child on the first day of school.

Please advise your child to also bring in a healthy snack and water bottle to school each day.

Thank you and we look forward to seeing you in
September!

Mrs. Criss & Mrs. Jones
