**SUBJECT: BUDGET PLANNING AND DEVELOPMENT**

Budget planning and development for the District is an integral part of program planning so that the annual operating budget may effectively express and implement programs and activities of the District. Budget planning is a year-round process involving participation of District-level administrators, principals, directors, coordinators, teachers, and other personnel. The process of budget planning and development will allow for community input and opportunities for public information and feedback.

The Superintendent has overall responsibility for budget preparation, including the construction of and adherence to a budget calendar. Program managers will develop and submit budget requests for their particular areas of responsibility after seeking the advice and suggestions of staff members.

The Board will give consideration to budget requests, and will review allocations for appropriateness and for their consistency with the District's educational priorities.

All budget documents for distribution to the public will be in plain language and organized in a manner which best promotes public comprehension of the contents. Documents will be complete, and accurate, and contain sufficient detail to adequately inform the public regarding data such as estimated revenues, proposed expenditures, transfers to other funds, fund balance information, and changes in this information from the prior year's submitted budget.

In accordance with Commissioner's regulations, the budget will be presented in three components which are to be voted upon as one proposition. The law prescribes the types of items to be included in each component and further prescribes that all relevant costs be included in the component.

- a) A program component which will include, but need not be limited to, all program expenditures of the District, including the salaries and benefits of teachers and any school administrators or supervisors who spend a majority of their time performing teaching duties, and all transportation operating expenses;
- b) A capital component which will include, but need not be limited to, all transportation capital, debt service, and lease expenditures; costs resulting from judgments and tax certiorari proceedings or the payment of awards from court judgments, administrative orders or settled or compromised claims; and all facilities costs of the District, including facilities lease expenditures, the annual debt service and total debt for all facilities financed by bonds and notes of the District, and the costs of construction, acquisition, reconstruction, rehabilitation or improvement of school buildings, provided that such budget will include a rental, operations, and maintenance section that includes base rent costs, total rent costs, operation and maintenance charges, cost per square foot for each facility leased by the District, and any and all expenditures associated with custodial salaries and benefits, service contracts, supplies, utilities, and maintenance and repairs of school facilities; and

(Continued)

**SUBJECT: BUDGET PLANNING AND DEVELOPMENT (Cont'd.)**

- c) An administrative component which will include, but need not be limited to, office and central administrative expenses, traveling expenses and all compensation, including salaries and benefits of all school administration and supervisors, business administrators, superintendents of schools and deputy, assistant, associate or other superintendents under all existing employment contracts or collective bargaining, any and all expenditures associated with the operation of the Office of the Board, the Office of the Superintendent, General Administration, the School Business Office, consulting costs not directly related to direct student services and programs, planning, and all other administrative activities.

Additionally, the Board will append to the proposed budget the following documents:

- a) A detailed statement of the total compensation to be paid to the Superintendent, and any Assistant or Associate Superintendent in the ensuing school year, including a delineation of the salary, annualized cost of benefits and any in-kind or other form of remuneration;
- b) A list of all other school administrators and supervisors, if any, whose annual salary for the coming school year will be at or above that designated in law for such reporting purposes, with the title of their positions and annual salary identified;
- c) A School District Report Card, prepared pursuant to Commissioner's regulations, which includes measures of the academic performance of the District, on a school by school basis, and measures of the fiscal performance of the District (see subheading School District Report Card);
- d) A Property Tax Report Card prepared in accordance with law and Commissioner's regulations (see subheading Property Tax Report Card); and
- e) A Tax Exemption Report prepared in accordance with law (see subheading Tax Exemption Report).

The Board will ensure that unexpended surplus funds (i.e., operating funds in excess of 4% of the current school year budget, not including funds properly retained under other sections of law) have been applied in determining the amount of the school tax levy.

The proposed budget for the ensuing school year will be reviewed by the Board and publicly disseminated, in accordance with law, prior to its submission to District voters for approval.

District funds may be expended to inform the public regarding the annual budget and to present the annual budget to District voters; however, these funds will not be utilized to promote either a favorable or negative opinion of the proposed budget.

**SUBJECT: BUDGET PLANNING AND DEVELOPMENT (Cont'd.)****School District Report Card**

Each year the District will supply data as required by the State Education Department (SED) and will receive a School District Report Card, sometimes referred to as a New York State Report Card. These provide enrollment, demographic, attendance, suspension, dropout, teacher, assessment, accountability, graduation rate, post-graduation plan, career and technical education, and fiscal data for public and charter schools, districts, and the state. The School District Report Cards consist of three parts:

- a) Accountability and Overview Report - shows District or school profile data, accountability statuses, data on accountability measures such as ELA, Math, and Science scores, and graduation rates.
- b) Comprehensive Information Report - shows non-accountability data such as annual Regents examination results and post-graduate plans of students completing high school.
- c) Fiscal Accountability Supplement - shows expenditures per pupil and some information about placement and classification of students with disabilities.

School District Report Cards are also available online at the SED website.

**Property Tax Report Card**

Each year, the Board will prepare a Property Tax Report Card, pursuant to Commissioner's regulations, and will make it publicly available by transmitting it to local newspapers of general circulation, appending it to copies of the proposed budget made publicly available as required by law, making it available for distribution at the Annual Meeting, and otherwise disseminating it as required by the Commissioner.

The Property Tax Report Card will include:

- a) The amount of total spending and total estimated school tax levy that would result from adoption of the proposed budget, and the percentage increase or decrease in total spending and total school tax levy from the District budget for the preceding school year; and
- b) The projected enrollment growth for the school year for which the budget is prepared, and the percentage change in enrollment from the previous year; and
- c) The percentage increase in the average of the Consumer Price Indexes from January first of the prior school year to January first of the current school year as defined in Education Law; and

(Continued)

**SUBJECT: BUDGET PLANNING AND DEVELOPMENT (Cont'd.)**

- d) The projected amount of the adjusted unrestricted fund balance that will be retained if the proposed budget is adopted; the projected amount of the adjusted restricted fund balance; the projected amount of the assigned appropriated fund balance; the percentage of the proposed budget that the adjusted unrestricted fund balance represents; the actual adjusted unrestricted fund balance retained in the District budget for the preceding school year; the percentage of the District budget for the preceding school year that the actual adjusted unrestricted fund balance represents; and a schedule of reserve funds setting forth the name of each reserve fund, a description of its purpose, the balance as of the close of the third quarter of the current fiscal year, and a brief statement explaining any plans for the use of each reserve fund for the ensuing fiscal year; and
- e) The District's school tax levy limit calculation. The District will submit its school tax levy limit calculation to the Office of the State Comptroller, SED, and the Office of Taxation and Finance by March 1 annually. If a voter override of the tax levy limit is necessary, the budget vote must be approved by 60% of the District's qualified voters present and voting.

A copy of the Property Tax Report Card prepared for the Annual District Meeting will be submitted to SED in the manner prescribed by the Department by the end of the business day next following approval of the Property Tax Report Card by the Board, but no later than 24 days prior to the statewide uniform voting day (i.e., the third Tuesday in May).

SED will compile such data for all school districts whose budgets are subject to a vote of the qualified voters, and will make this compilation available electronically at least ten days prior to the statewide uniform voting day. Links to each school year's Property Tax Report Card can be found on SED's official website.

**Tax Exemption Report**

A Tax Exemption Report will be annexed to any tentative or preliminary budget and will become part of the final budget. This report will be on the form as prescribed by the State Board of Real Property Services and will show the following:

- a) How much of the total assessed value of the final assessment roll(s) used in the budgetary process is exempt from taxation;
- b) Every type of exemption granted as identified by statutory authority;
- c) The cumulative impact of each type of exemption expressed either as a dollar amount of assessed value or as a percentage of the total assessed value on the roll;

(Continued)

**SUBJECT: BUDGET PLANNING AND DEVELOPMENT (Cont'd.)**

- d) The cumulative amount expected to be received from recipients of each type of exemption as payments in lieu of taxes or other payments for municipal services; however, individual recipients are not to be named; and
- e) The cumulative impact of all exemptions granted.

Notice of this report will be included in any notice of the preparation of the budget required by law and will be posted on any bulletin board maintained by the District for public notices as well as on any website maintained by the District.

**SUBJECT: BUDGET ADOPTION**

The Board will review the recommended budget of the Superintendent and seek public input and feedback regarding the recommended budget including, but not limited to, holding a public budget hearing not less than seven nor more than 14 days prior to the Annual District Meeting and Election at which the budget vote is to occur. The Board may modify the recommended budget of the Superintendent prior to its submission to District voters. Final authorization of the proposed budget is dependent upon voter approval unless a contingency budget is adopted by the Board.

The District budget for any school year, or any part of the budget, or any proposition(s) involving the expenditure of money for that school year, will not be submitted for a vote of the qualified District voters more than twice.

The District budget, once adopted, becomes the basis for establishing the tax levy on real property within the District. The District will post its final annual budget and any multi-year financial plan adopted by the Board on its website.

**Contingency Budget**

In the event the original proposed budget is not approved at the Annual District Meeting and Election, the Board may resubmit the original proposed budget or a revised budget for voter approval, or individual propositions may be placed before District voters, at a special meeting held on the third Tuesday of June. If the voters fail to approve the second budget submittal, or budget proposition(s), or if the Board elects not to put the proposed budget to a public vote a second time, the Board must adopt a contingency budget with a tax levy that is no greater than the prior year's levy (i.e., 0% levy growth).

The administrative component of the contingency budget is capped at the lesser of:

- a) The percent of the administrative component to the total budget in the prior year's budget, not including the capital component; or
- b) The percent that the administrative component comprised in the last proposed defeated budget for the subsequent year, not including, the capital component.

**SUBJECT: ACCEPTANCE OF GIFTS, GRANTS, AND BEQUESTS TO THE DISTRICT**

The Board may accept gifts, donations, grants, or bequests (collectively "gifts") of money, real property, or personal property, as well as other merchandise, that add to the overall welfare of the District provided that acceptance is in accordance with existing laws and regulations. Donations to the District are fully tax deductible so long as the gift is used exclusively for public purposes. The Board may refuse any gift that constitutes a conflict of interest, gives an appearance of impropriety, or is not in its best interests. The Board will safeguard the District, the staff, and students from commercial exploitation, from special interest groups, and the like.

The Board will not accept any gifts which will place encumbrances on future Boards, or result in unreasonable additional or hidden costs to the District. The Board may, if it deems it necessary, request that gifts of equipment, facilities, or any item that requires upkeep and maintenance include funds to carry out maintenance for the foreseeable life of the donation.

The Board will not formally consider the acceptance of gifts until and unless it receives the offer in writing from the donor or grantor or their attorney or financial advisor. Any gifts donated to the Board and accepted on behalf of the District must be by official action and resolution passed by Board majority. The Board suggests that donors or grantors work first with school administrators in determining the nature of their gift prior to formal consideration for acceptance by the Board.

The Board is prohibited, in accordance with the New York State Constitution, from making gifts or charitable contributions with District funds.

Gifts to the District will be annually accounted for as required by Generally Accepted Accounting Principles (GAAP).

All gifts become District property. A letter of appreciation, signed by the President of the Board and the Superintendent, will be sent to donors or grantors in recognition of their contribution to the District. Letters will be sent in a timely manner and will acknowledge the possible tax deduction available to donors whose gifts qualify under IRS regulations.

**SUBJECT: PROPERTY TAX EXEMPTION FOR QUALIFIED HOME OWNERS WITH  
DISABILITIES**

Unless specifically exempted by law, real property used exclusively for residential purposes and owned by one or more persons with disabilities; or owned by a husband, wife or both, or siblings, at least one of whom has a disability; and whose income, as defined pursuant to law, is limited by reason of such disability shall be partially exempt from taxation to the extent of percentum of the assessed valuation determined by the Board of Education if the owners meet the criteria enumerated in law and pursuant to Board resolution.

For the purposes of this policy, and in accordance with law, a person with a disability is one who has a physical or mental impairment, not due to current use of alcohol or illegal drug use, which substantially limits such person's ability to engage in one or more major life activities, such as caring for one's self, performing manual tasks, walking, seeing, hearing, speaking, breathing, learning and working; and who is certified to receive Social Security Disability Insurance (SSDI) or Supplemental Security Income (SSI) benefits under the federal Social Security Act or is certified to receive Railroad Retirement Disability benefits under the federal Railroad Retirement Act, or has received a certificate from the State Commission for the Blind and Visually Handicapped stating that such person is legally blind.

In accordance with Real Property Tax Law, any exemption provided in accordance with this policy shall be computed after all other partial exemptions allowed by law have been subtracted from the total amount assessed; provided however, that no parcel of real property may receive an exemption for the same tax purpose pursuant to both this policy and real property tax exemptions granted pursuant to the Real Property Tax Law for persons 65 years of age or over.

Similarly, exemption from taxation for school purposes shall not be granted in the case of real property where a child resides if such child attends a public school of elementary or secondary education.

An award letter from the Social Security Administration or the Railroad Retirement Board or a certificate from the State Commission for the Blind and Visually Handicapped shall be submitted as proof of disability.

**SUBJECT: SALE AND DISPOSAL OF DISTRICT PROPERTY****Sale of School Property**

No school property will be sold without prior approval of the Board. However, the responsibility for these sales may be delegated. The net proceeds from the sale of school property will be deposited in the General Fund.

**Disposal of District Personal Property**Equipment

District equipment that is obsolete, surplus, or unusable by the District will be disposed of in such a manner that is advantageous to the District.

The Superintendent will be responsible for selling the equipment in such a way so as to maximize the net proceeds of sale which may include a bona fide public sale preceded by adequate public notice. If it is determined that reasonable attempts to dispose of the equipment have been made and those attempts have not produced an adequate return, the Superintendent or designee may dispose of the equipment in any manner which he or she deems appropriate.

Textbooks

Textbooks may lose their value to the educational program because of changes in the curriculum or because they contain outdated material or are in poor condition. If textbooks are no longer useful or usable, the procedures for disposal will adhere to the following order of preference:

- a) Sale of textbooks. If reasonable attempts to dispose of surplus textbooks fail to produce monetary return to the District; then

**SUBJECT: DISTRICT CREDIT CARD USE**

The District will issue a credit card in its name to the Purchasing Agent for the use of its officers and designated employees for authorized expenses. However, authorized personnel must submit purchase orders for those school business related expenses, prior to the use of the credit card.

This credit card will only be for those purchases of goods and services that require a credit card and do not accept other payment methods. Any other reason for credit card use must be approved by the business administrator prior to use.

Expenses incurred on each credit card will be paid in such a manner as to avoid interest charges.

The credit cards will be locked in a secure place in the purchasing office.

Any individual who makes an unauthorized purchase with a District credit card will be required to reimburse the District for the purchase.

**SUBJECT: REIMBURSEMENT FOR MEALS/REFRESHMENTS****Travel Outside of District/Emergency Meetings**

District officials and employees are entitled to reimbursement for necessary expenses incurred in the performance of their official duties. However, meals of public officers and employees generally should not be reimbursed or paid by the District unless the officer or employee is traveling outside his or her regular work area on official business for an extended period of time, or where events prevent them from taking off during mealtime for food consumption because of a pressing need to complete business. All requests for reimbursement must document who attended the meetings and how the meetings fit these conditions.

**Staff or Board Meetings and District Events**

The Board recognizes that at certain times it may be appropriate to provide meals and/or refreshments at District meetings and/or events which are being held for an educational purpose. Prior approval of the Superintendent or designee must be obtained for food and beverages provided at meetings or activities which will be charged to the District.

Any such expenditures must be appropriately documented with an itemized receipt and information showing the date and purpose of the meeting, food served, who attended the meetings and why the attendees needed food and/or refreshments to conduct District business. These requirements must be met for meals/refreshments provided by the school lunch fund or local vendors, charged to District credit cards, and/or reimbursed to a District official.

In no case will the costs for meals exceed the current federal per diem meal rates for the geographic area.

**SUBJECT: PURCHASING: COMPETITIVE BIDDING AND OFFERING**

Except as otherwise provided by law, all contracts for public work involving an expenditure of more than \$35,000 and all purchase contracts involving an expenditure of more than \$20,000 will be awarded by the District to the lowest responsible bidder furnishing the required security after advertisement for sealed bids. However, the District may, in its discretion, award purchase contracts on the basis of "best value" to a responsive and responsible bidder or offerer, provided the Board has authorized this action by rule, regulation, or resolution adopted at a public meeting.

No bid or offer will be accepted that does not conform to specifications furnished unless those specifications are waived by Board action. The District may, in its discretion, reject all bids or offers and readvertise for new bids or offers in a manner consistent with New York State law.

All contracts requiring public advertising and competitive bidding or offering will be awarded by resolution of the Board.

Except as authorized by law, no Board member or employee of the District will have an interest in any contract entered into by the District.

**Standardization**

Upon the adoption of a standardization resolution by a vote of at least 3/5 of all Board members, purchase contracts for a particular type or kind of equipment, materials, or supplies of more than \$20,000 may be awarded by the Board to the lowest responsible bidder or offerer furnishing the required security after advertisement for sealed bids in the manner provided in law. This resolution must state that, for reasons of efficiency or economy, there is a need for standardization and must contain a full explanation of those reasons. Upon the adoption of a valid standardization resolution, the District may provide in its specifications for a particular make or brand to the exclusion of others.

**"Piggybacking" Exception to Competitive Bidding**

The District may, in its discretion, purchase certain goods and services (apparatus, materials, equipment, and supplies) at costs beyond the above-referenced thresholds through the use of contracts let by the United States or any agency thereof, any state, and any county, political subdivision, or district of any state.

This method of procurement is permitted on contracts issued by other governmental entities, provided that the original contract:

- a) Has been let by the United States or any agency thereof, any state (including New York State) or any other political subdivision or district;

(Continued)

**SUBJECT: PURCHASING: COMPETITIVE BIDDING AND OFFERING (Cont'd.)**

- b) Was made available for use by other governmental entities and agreeable with the contract holder; and
- c) Was let in a manner that constitutes competitive bidding consistent with New York State law, or was awarded on the basis of best value, and is not in conflict with other New York State laws.

**Annual Review**

Periodically, comments concerning the District's bidding and purchasing policies and procedures will be solicited from those District employees involved in the procurement process.

The Board will annually review its bidding and purchasing policies and procedures. The School Business Official will be responsible for conducting an annual review of such policies and for an evaluation of the internal control structure established to ensure compliance with the procurement policy.

**SUBJECT: PROCUREMENT OF GOODS AND SERVICES****Purchasing Authority**

The District's purchasing activities will be part of the responsibilities of the Business Office, under the general supervision of the Purchasing Agent designated by the Board. The Purchasing Agent is authorized to enter into cooperative bidding and cooperative purchasing arrangements to meet the various needs of the District. No contracts for goods and services will be made by individuals or organizations in the school that involve expenditures without first securing approval for the contract from the Purchasing Agent.

Except as authorized by law, no Board member or employee of the District will have an interest in any contract entered into by the District.

**Purchasing Process**

The Board recognizes its responsibility to ensure the development of procedures for the procurement of goods and services not required by law to be made pursuant to competitive bidding requirements. These goods and services will be procured in a manner so as to:

- a) Assure the prudent and economical use of public moneys in the best interests of the taxpayer;
- b) Facilitate the acquisition of goods and services of maximum quality at the lowest possible cost under the circumstances; and
- c) Guard against favoritism, improvidence, extravagance, fraud, and corruption.

These procedures will contain, at a minimum, provisions which:

- a) Prescribe a process for determining whether a procurement of goods and services is subject to competitive bidding and if it is not, documenting the basis for such determination;
- b) With certain exceptions, provide that alternative proposals or quotations for goods and services will be secured by use of written request for proposals, written quotations, verbal quotations, or any other method of procurement which furthers the purposes of General Municipal Law Section 104-b;
- c) Set forth when each method of procurement will be utilized;
- d) Require adequate documentation of actions taken with each method of procurement;
- e) Require justification and documentation of any contract awarded to other than the lowest responsible dollar offer, stating the reasons;

(Continued)

**SUBJECT: PROCUREMENT OF GOODS AND SERVICES (Cont'd.)**

- f) Set forth any circumstances when, or the types of procurement for which, the solicitation of alternative proposals or quotations will not be in the best interest of the District; and
- g) Identify the individual or individuals responsible for purchasing and their respective titles. This information will be updated biennially.

Any unintentional failure to fully comply with these provisions will not be grounds to void action taken or give rise to a cause of action against the District or any District employee.

The District will develop administrative regulations to establish procedures for the procurement of goods and services.

**Professional Services**

Professional services are generally those services that require specialized skills, training, professional judgment, expertise, and creativity. Examples include attorneys, architects, and engineers. The procurement of professional services falls within an exception to competitive bidding. In order to procure professional services, the District will use the request for proposals (RFP) process as set forth in General Municipal Law in order to protect the District's interests and to avoid the appearance of favoritism or impropriety. Although not necessarily bound to select the lowest bidder in response to its RFP, the District will adequately document its selection process to demonstrate its economical and prudent use of public monies and to ensure fair competition.

**SUBJECT: ALTERNATIVE FORMATS FOR INSTRUCTIONAL MATERIALS**

Preference in the purchase of instructional materials will be given to vendors who agree to provide materials in a usable alternative format (i.e., any medium or format, other than a traditional print textbook, for presentation of instructional materials that is needed as an accommodation for each student with a disability, including students requiring Section 504 Accommodation Plans, enrolled in the District). Alternative formats include, but are not limited to, Braille, large print, open and closed captioned, audio, or an electronic file in an approved format as defined in Commissioner's regulations.

The District has adopted the National Instructional Materials Accessibility Standard (NIMAS) to ensure that curriculum materials are available in a usable alternative format for students with disabilities. The District will ensure that each student who requires instructional materials in an alternate format will receive it in a timely manner and in a format that meets NIMAS standards.

The District will establish a plan to ensure that instructional materials in a usable alternative format for each student with a disability (including students requiring Section 504 Accommodation Plans) are based upon the student's educational needs and course selections, and will be available at the same time as those instructional materials are available to non-disabled students.

The Plan will:

- a) Specify that the District gives a preference in the purchase of instructional materials it has selected for its students to those vendors who agree to provide such instructional materials in alternative formats;
- b) Specify when an electronic file is provided, how the format will be accessed by students and/or how the District will convert to an accessible format;
- c) Specify the process to be used when ordering materials to identify the needs of students with disabilities residing in the District for alternative format materials;
- d) Specify ordering timelines to ensure that alternative format materials are available at the same time as regular format materials are available; and
- e) Include procedures so that when students with disabilities move into the District during the school year, the process to obtain needed materials in alternative formats for those students is initiated without delay.

**Uniform Grant Guidance Requirements**

Under the Uniform Grant Guidance, the District will, among other things:

- a) Use its own documented procurement procedures which reflect applicable state, local and tribal laws and regulations, provided that the procurements conform to applicable federal law and the standards identified in the Uniform Grant Guidance.
- b) Establish and maintain effective internal controls that provide reasonable assurance that the District is managing the federal award in compliance with federal statutes, regulations, and the terms and conditions of the federal award. Consideration will be given to matters such as contractor integrity, compliance with public policy, record of past performance, and financial and technical resources.
- k) Maintain records that sufficiently detail the history of the procurement including, but not limited to:

Accounting and reporting procedures will be developed to facilitate analysis and evaluation of the District's financial status and fixed assets. The District will use the Uniform System of Accounts for School Districts. Books and records of the District will be maintained in accordance with statutory requirements. Provision will be made for the adequate storage, security, and disposition of all financial and inventory records.

**Online Banking**

The Board has entered into a written agreement with designated banks and trust companies for online banking and electronic or wire transfers, which includes the implementation of a security procedure for all transactions. Online transactions must be authorized by the District's Business Official. The District Treasurer, with a separate established username and password, will have the authority to process online banking transactions. The Business Office Clerk or Deputy Treasurer, with a separate established username and password, will be responsible for online banking transactions in the event the District Treasurer is not available, or as a job responsibility delegated to him or her by the District Treasurer. A monthly report of all online banking activity will be reviewed by staff independent of the online banking process and reconciled with the bank statement. Online banking will only take place on secure District computers located inside the Treasurer's or Business Office.

**Electronic Transactions and Wire Transfers**

The District will enter into written wire transfer security agreements for District bank accounts which will include established procedures for authenticating wire transfer orders. All wire transfers must be authorized by the District Treasurer or his or her designee. Dual approval controls will be established for non-routine wire transfer orders. **SUBJECT: MAINTENANCE OF FUND BALANCE****General Provisions**

The Board recognizes that the maintenance of a fund balance is essential to the financial integrity of the District insofar as it helps mitigate current and future risks and assists in ensuring stable tax rates. Consistent with this understanding, the Board adopts the following standards and practices.

**Classification of Funds**

The District will ensure that funds are classified consistent with Governmental Accounting Standards Board (GASB) Statement Number 54, *Fund Balance Reporting and Governmental Fund Type Definitions*. Consequently, fund balance amounts will be categorized as non-spendable, restricted, committed, assigned, or unassigned.

**Unassigned Fund Balance**Minimum Unassigned Fund Balance

In order to maintain financial stability and protect against cash flow shortfalls, the Board will strive to maintain an unassigned fund balance of at least 2% of the current year's budgeted expenses. In the event such balance falls below the 2 % floor, the District will seek to replenish deficiencies through reducing expenses and/or increasing revenue.

Maximum Unassigned Fund Balance

In order to support normal operating costs and provide fiscal stability for the District, the Board will also strive to ensure that the unassigned fund balance does not exceed 4% of the current year's budgeted expenditures. If it is anticipated that such balance will exceed the 4% ceiling, the Board will evaluate current commitments and assignments in order to determine the final distribution of fund balance in any fiscal year. The District will ensure unexpended surplus funds are used to reduce taxpayer liability in conformance with Real Property Tax Law Section 1318.

**Fund Balance and Budget Development**

The District's ability to maintain its unassigned fund balance within the limits articulated above is contingent upon the development of a reasonable budget. Consequently, the District will develop and adopt budgets that, to the extent possible, reflect the anticipated revenues and expenditures.

Likewise, the District will ensure that appropriate reserve funds are established and utilized, consistent with applicable law and District policy, to ensure the fund balance is sufficient to meet District needs.

**Compliance**

**SUBJECT: RESERVE FUNDS**

Reserve funds (essentially a legally authorized savings account designated for a specific purpose) are an important component in the District's financial planning for future projects, acquisitions, and other lawful purposes. The District may establish and maintain reserve funds in accordance with New York State laws, Commissioner's regulations, and the rules or opinions issued by the Office of the New York State Comptroller. The District will comply with the reporting requirements of Article 3 of the General Municipal Law of the State of New York and the Governmental Accounting Standards Board (GASB) issued GASB Statement Number 54, *Fund Balance Reporting and Governmental Fund Type Definitions*.

Any and all District reserve funds will be properly established and maintained to promote the goals of creating an open, transparent, and accountable use of public funds. The District will authorize all payments or transfers into a reserve fund by express resolution. The District may engage independent experts and professionals, including, but not limited to, auditors, accountants, and other financial and legal counsel to monitor all reserve fund activity and prepare any and all reports that the Board may require.

**Periodic Review and Annual Report**

The Board will periodically review all reserve funds. The District will also prepare and submit an annual report of all reserve funds to the Board. The annual report will include the following information for each reserve fund:

- a) The type and description of the reserve fund;
- b) The date the reserve fund was established and the amount of each sum paid into the fund;
- c) The interest earned by the reserve fund;
- d) Capital gains or losses resulting from the sale of investments of the reserve fund;
- e) The total amount and date of each withdrawal from the reserve fund;
- f) The total assets of the reserve fund showing cash balance and a schedule of investments; and
- g) An analysis of the projected needs for the reserve fund in the upcoming fiscal year and a recommendation regarding funding those projected needs.

The Board will utilize the information in the annual report to make necessary decisions to adequately maintain and manage the District's reserve fund balances while mindful of its role and responsibility as a fiduciary of public funds.

**SUBJECT: EXTRACLASSROOM ACTIVITY FUND**

Any organization within the District whose activities are conducted by students, and whose financial support is raised other than by taxation or through charges of the Board, is an extra classroom activity (ECA). The moneys raised by these organizations are referred to as ECA funds. ECA fund management provides students with the opportunity to learn proper business practices and how to operate a successful business. The Board and designated District staff will protect and provide oversight of ECA funds. All ECAs will be approved by the Board.

The Board will appoint an ECA Central Treasurer, a Faculty Auditor, and a chief faculty counselor (appointed for each building in the District, typically the building principal). Each ECA will have a faculty advisor appointed by the chief faculty counselor. Additionally, each ECA will have a student activity treasurer elected by the members of the ECA.

All ECA funds will generally be handled in accordance with the financial procedures set forth in The Safeguarding, Accounting, and Auditing of Extra classroom Activity Funds, Revised 2019, published by the New York State Education Department. All moneys received from the conduct, operation, or maintenance of any ECA will be deposited with the ECA Central Treasurer. Two separate and independent sets of records of receipts and expenditures will be maintained, one by the ECA Central Treasurer and one by the ECA's student activity treasurer. On a quarterly basis, the ECA Central Treasurer will submit to the Board a financial report relating to the receipts and expenditures for all ECA accounts. The authority to expend moneys will be distinct and separate from the custody of these moneys. The District will invest ECA funds in accordance with its investment policy.

ECAs are prohibited from using the District's New York State sales tax exemption. The ECA Central Treasurer is responsible for filing the periodic sales tax returns for ECA funds.

All commitments and contracts will be the sole responsibility of the ECA incurring the transaction, regardless of a change in faculty advisors, membership, or officers.

In conjunction with the annual audit of District records, the Independent Auditor will audit all ECA funds. This audit will include a statement of receipts, disbursements, and balances for each ECA, together with a reconciliation of cash.

When an ECA becomes inactive or is discontinued, the ECA Central Treasurer is directed to expend the leftover ECA funds as voted by the organization controlling these funds. If this designation does not exist, then leftover funds of inactive or discontinued ECAs and of graduating classes will automatically revert to the account of the general student organization or student council. To reactivate, inactive or discontinued ECAs must follow the start-up procedures for new ECAs.

All funds, whether District or extra classroom funds, will be deposited prior to close of school each week. Only authorized personnel designated by the building administrator will be allowed in the main office vault.

**SUBJECT: MAINTENANCE OF FISCAL EFFORT (TITLE I PROGRAMS)**

As a Local Educational Agency (LEA), the District may receive its full allocation of Title I funds if its combined fiscal effort per student or the aggregate expenditures of state and local funds with respect to the provision of free public education in the District for the preceding fiscal year was not less than 90% of the combined fiscal effort per student or the aggregate expenditures for the second preceding fiscal year.

In determining the District's compliance with the maintenance of effort requirement, the State Educational Agency (SEA) will consider its expenditures from state and local funds for free public education. These include expenditures for administration, instruction, attendance, health services, student transportation services, plant operation and maintenance, fixed charges, and net expenditures to cover deficits for food services and student body activities.

The SEA will not consider the following expenditures in determining the District's compliance with the maintenance of effort requirements:

- a) Any expenditures for community services, capital outlay, and debt service;
- b) Any expenditures made from funds provided by the federal government for which the District is required to account to the federal government directly or through the SEA.

The School Business Official will review, as part of the budgeting process, this combined fiscal effort to ensure compliance.

**SUBJECT: ALLOCATION OF TITLE I, PART A FUNDS IN THE DISTRICT****Allocation of Funds**

The District allocates the Title I, Part A funds it receives to District school buildings on the basis of the total number of students from low-income families in each eligible school attendance area or eligible school, as defined in law. Unless the District school building is participating in a school wide program, the District school building will only use Title I, Part A funds for programs that provide services to eligible children, as defined in law, identified as having the greatest need for special assistance.

The District will reserve from its allocation of Title I, Part A funds, such funds as are necessary to provide services comparable to those provided to students in District school buildings that receive Title I, Part A funds in order to serve:

- a) Homeless children and youths, including educationally related support services to children in shelters and other locations where children may live;
- b) Children in local institutions for neglected children; and
- c) If appropriate, children in local institutions for delinquent children, and neglected or delinquent children in community day programs.

**Funds Will Supplement Not Supplant**

The District will ensure that Title I, Part A funds only supplement, not supplant, the funds that would, in the absence of such federal funds, be made available from state and local sources for the education of students participating in programs assisted by Title I, Part A funds.

**Allocation Methodology**

The District has developed an allocation methodology that is consistent with Title I guidelines.

All Board members and officers, District employees, and third party consultants are required to abide by the District's policies, administrative regulations, and procedures in the course of their duties. Further, all applicable federal and/or state laws and regulations must be adhered to in the course of District operations and practices. Any individual who has reason to believe that financial improprieties or wrongful conduct is occurring within the District should disclose this information according to the reporting procedures established by the District. The reporting procedures will follow the chain of command as established within the department or school building or as described in the District's Organizational Chart. In the event that the allegations of financial improprieties/fraud and/or wrongful conduct concern the investigating official, the report shall be made to the next level of supervisory authority. If the chain of supervisory command is not sufficient to ensure impartial, independent investigation, allegations of financial improprieties/fraud and/or wrongful conduct will be reported as applicable, to the Internal Auditor (if available), or the External (Independent) Auditor, or the School Attorney, or the Board. The District's prohibition of wrongful conduct, including fraud, will be publicized within the District as deemed appropriate; and written notification will be provided to all employees with fiscal accounting/oversight and/or financial duties including the handling of money.

Upon receipt of an allegation of financial improprieties/fraud and/or wrongful conduct, the Board or designated employee(s) will conduct a thorough investigation of the charges. However, even in the absence of a report of suspected wrongful conduct, if the District has knowledge of, or reason to know of, any occurrence of financial improprieties/fraud and/or wrongful conduct, the District will investigate the conduct promptly and thoroughly. To the extent possible, within legal constraints, all reports will be treated confidentially and privately. However, disclosure may be necessary to complete a thorough investigation of the charges and/or to notify law enforcement officials as warranted, and any disclosure will be provided on a "need to know" basis. Written records of the allegation, and resulting investigation and outcome will be maintained in accordance with law.

Based upon the results of this investigation, if the District determines that a school official has engaged in financial improprieties/fraudulent and/or wrongful actions, appropriate disciplinary measures will be applied, up to and including termination of employment, in accordance with legal guidelines, District policy and regulation, and any applicable collective bargaining agreement. Third parties who are found to have engaged in financial improprieties/fraud and/or wrongful conduct will be subject to appropriate sanctions as warranted and in compliance with law. The application of disciplinary measures by the District does not preclude the filing of civil and/or criminal charges. When school officials receive a complaint or report of alleged financial improprieties/fraud and/or wrongful conduct that may be criminal in nature, law authorities should be immediately notified.

An appeal procedure will also be provided, as applicable, to address any unresolved complaints and/or unsatisfactory prior determinations by the applicable investigating officer(s).

The District is committed to ensuring that all foods and beverages available to students on the school campus during the school day support healthy eating. The foods and beverages provided, but not sold, to students on the school campus during the school day (e.g., classroom parties, classroom snacks brought by parents, or other foods given as incentives) will meet USDA nutrition standards.

Fundraising

All foods and beverages available for sale to students through fundraisers on the school campus during the school day will meet, at a minimum, the USDA Smart Snacks in School nutrition standards.

Foods and Beverages Available for Sale at Events Outside of the School Day

The District is committed to ensuring that all foods and beverages available to students support healthy eating. The foods and beverages that are available for sale at school-sponsored events outside of the school day, will be low in saturated fat, and have zero grams of trans fat per serving.

Food and Beverages Marketing in Schools

All foods and beverages marketed or promoted to students on the school campus during the school day will meet, at a minimum, the USDA Smart Snacks in School nutrition standards. Food marketing commonly includes oral, written, or graphic statements made for the purpose of promoting the sale of a food or beverage product.

The District is aware that certain scoreboards, signs, and other durable equipment it employs may market foods and beverages in a way that is inconsistent with the aims of this wellness policy. While the immediate replacement of this equipment is not required, as the District replaces or updates this equipment over time, it will ensure its replacement and purchasing decisions reflect the marketing guidelines established by this wellness policy.

(Continued)

**SUBJECT: WELLNESS (Cont'd.)****\*Nutrition Promotion and Education**

Nutrition promotion and education positively influences lifelong eating behaviors. The District will model and encourage healthy eating by:

- a) Promoting healthy food and beverage choices for all students by using Smarter Lunchroom techniques which guide students toward healthful choices, as well as by ensuring that 100% of foods and beverages promoted to students meet the USDA Smart Snacks in School nutrition standards;
- b) Promoting nutrition education activities that involve parents, students, and the community;
- c) Promoting school and community awareness of this wellness policy through various means, such as publication on the District website;
- d) Encouraging and promoting wellness through social media, newsletters, and an annual family wellness event;
- e) Encouraging participation in federal Child Nutrition Programs;
- f) Ensuring that the marketing and advertising of foods and beverages on school campuses during the school day is consistent with nutrition education and health promotion;
- g) Integrating nutrition education within the comprehensive health education curriculum and other instructional areas, as appropriate, and taught at every grade level, K through 12. Nutrition education follows applicable New York State standards and is designed to help students acquire:
  - 1. Nutrition knowledge, including, but not limited to: the benefits of healthy eating; essential nutrients; nutritional deficiencies; principles of healthy weight management; the use and misuse of dietary supplements; and safe food storage, handling, and preparation; and
  - 2. Nutrition-related skills, including, but not limited to: planning healthy meals; understanding and using food labels; critically evaluating nutrition information, misinformation, and commercial food advertising; assessing personal eating habits; and setting and achieving goals related to these concepts;
- h) Providing families and teachers with a list of healthy party ideas, including non-food celebration ideas;

(Continued)

**SUBJECT: WELLNESS (Cont'd.)**

- i) Providing families with a list of classroom snacks and beverages that meet USDA Smart Snacks in School nutrition standards;
- j) Discouraging staff from using food as a reward or withholding food as punishment under any circumstance – teachers and other appropriate school staff will be provided with a list of alternative ways to reward students; and
- k) Encouraging District staff to model healthy eating, drinking, and physical activity behaviors for students.

**\*Physical Activity and Education**Physical Activity

Since physical activity affects students' emotional and physical well-being, as well as their cognitive development, the District is committed to ensuring that all students, including students with disabilities requiring adaptations or modifications, are provided the opportunity to participate in physical activity before, during, and after school. Physical activity opportunities will be in addition to, not in lieu of, physical education.

Recess, physical education, or other physical activity time will not be cancelled for instructional make-up time, nor will it be withheld for disciplinary action unless the student is a danger to himself, herself or others. This does not include participation on sport teams that may have specific academic requirements. Classroom teachers will be provided with a list of ideas for alternative ways to discipline students.

The District is committed to encouraging physical activity through the following:

- a) Classroom Physical Activity Breaks (Elementary and Secondary)

All classroom teachers, and particularly those engaged in the instruction of K through 5 students, are strongly encouraged to incorporate into the school day short breaks for students that include physical activity, especially after long periods of inactivity.

- b) Recess (Elementary)

All elementary students will be offered one daily period of recess for a minimum of 20 minutes. This requirement will not apply on days where students arrive late, leave early, or are otherwise on campus for less than a full day. Outdoor recess will be offered when weather permits. In the event that indoor recess is necessary, it will be offered in a place that accommodates moderate to vigorous physical activity.

(Continued)

**SUBJECT: WELLNESS (Cont'd.)**

## c) Active Academics

Teachers are encouraged to incorporate kinesthetic learning approaches into core learning subjects when possible to limit sedentary behavior during the school day.

## d) Before and After School Activities

The District will offer opportunities for all students to participate in physical activity before and/or after the school day through various methods, such as physical activity clubs, intramurals, and interscholastic sports.

## e) Active Transport

The District supports active transport to and from school, i.e. walking or biking. The District will encourage this behavior by securing storage facilities for bicycles and equipment and instructing students on walking and bicycling safety. The District strongly encourages the use of appropriate protective wear, such as helmets.

Physical Education

The District will have a Board-approved Physical Education Plan on file with the New York State Education Department that meets or exceeds the requirements set forth in the Commissioner's regulations. All students will be required to fulfill the physical education requirements set forth in the Commissioner's regulations as a condition of graduating from the District's schools.

The District recognizes the importance of physical education classes in providing students with meaningful opportunities for physical exercise and development. Consequently, the District will ensure that:

- a) All physical education classes are taught or supervised by a certified physical education teacher;
- b) All physical education staff receive professional development relevant to physical education on an annual basis;
- c) Interscholastic sports, intramural sports, and recess do not serve as substitutes for a quality physical education program;
- d) Students are afforded the opportunity to participate in moderate to vigorous activity for at least 50% of physical education class time;

(Continued)

**SUBJECT: WELLNESS (Cont'd.)**

- e) It provides adequate space and equipment for physical education and conforms to all applicable safety standards;
- f) An age-appropriate, sequential physical education curriculum consistent with national and state standards for physical education is implemented, with a focus on students' development of motor skills, movement forms, and health-related fitness;
- g) A physical and social environment is provided that encourages safe and enjoyable activity for all students; and
- h) Activities or equipment are adapted or modified to meet the needs of students who are temporarily or permanently unable to participate in the regular program of physical education. In doing so, the District will abide by specific provisions in 504 Plans and/or individualized education programs (IEP). To that end, the Committee on Special Education (CSE) will ensure that a certified physical education teacher participates in the development of a student's IEP, if the student may be eligible for adapted physical education.

**\*Other School-Based Activities that Promote Student Wellness**

The District is committed to establishing a school environment that is conducive to healthy eating and physical activity for all. The District will, therefore, pursue the following:

Community Partnerships

The District will develop, enhance, and continue relationships with community partners in support of the implementation of this wellness policy. Existing and new community partnerships will be evaluated to ensure they are consistent with this wellness policy and its goals. The District will provide all community partners with a copy of this wellness policy so that they are aware of the District's requirements and goals.

Community Access to District Facilities for Physical Activities

School grounds and facilities will be made available to students, staff, community members and organizations, and agencies offering physical activity and nutrition programs consistent with District policy. Subject to provisions regarding conduct on school grounds and administrative approval of use by outside organizations.

(Continued)

**SUBJECT: WELLNESS (Cont'd.)**Professional Learning

When feasible, the District will offer annual professional learning opportunities and resources for staff to increase knowledge and skills about promoting healthy behaviors in the classroom (e.g., increasing the use of kinesthetic teaching approaches or incorporating nutrition lessons into math class). Professional learning will help District staff understand the connections between academics and health and the ways in which health and wellness are integrated into ongoing District reform or academic improvement plans/efforts.

**SUBJECT: RECORDS MANAGEMENT**

The Superintendent will designate a Records Management Officer, subject to Board approval, to develop and coordinate the District's orderly and efficient records management program. Among other aspects, this program includes the legal disposition or destruction of obsolete records and the storage and management of inactive records. The Records Management Officer will work with other District officials to develop and maintain this program.

The District may create a Records Advisory Board to assist in establishing and supporting the records management program. Members of this board may include the District's legal counsel, the fiscal officer, and the Superintendent or designee, among others.

**Retention and Disposition of Records**

The District will retain records and dispose of them in accordance with the Retention and Disposition Schedule for New York Local Government Records (LGS-1) or as otherwise approved by the Commissioner of Education. Further, if any law specifically provides a retention period longer than that established by this schedule, the retention period established by the law will govern.

**Replacing Original Records with Microforms or Electronic Images**

The District will follow procedures prescribed by the Commissioner of Education to ensure accessibility for the life of any microform or electronic records that replace paper originals or micrographic copies.

**Retention and Preservation of Electronic Records**

The District will ensure that records retention requirements are incorporated into any program, plan, or process for design, redesign, or substantial enhancement of an information system that stores electronic records. The District will also ensure that electronic records are not rendered unusable because of changing technology before their retention and preservation requirements expire.

**SUBJECT: DISPOSAL OF CONSUMER REPORT INFORMATION AND RECORDS**

In accordance with the Federal Trade Commission's (FTC) "Disposal Rule," and in an effort to protect the privacy of consumer information, reduce the risk of fraud and identity theft, and guard against unauthorized access to or use of the information, the District will take appropriate measures to properly dispose of sensitive information (i.e., personal identifiers) contained in or derived from consumer reports and records. The District may determine what measures are reasonable based on the sensitivity of the information, the costs and benefits of different disposal methods, and changes in technology.

The term "consumer report" includes information obtained from a consumer reporting company that is used—or expected to be used—in establishing a consumer's eligibility for employment or insurance, among other purposes. The term "employment purposes" when used in connection with a consumer report means a report used for the purpose of evaluating a consumer for employment, promotion, reassignment, or retention as an employee.

The FTC Disposal Rule defines "consumer information" as "any record about an individual, whether in paper, electronic, or other form, that is a consumer report or is derived from a consumer report. Consumer information also means a compilation of these records. Consumer information does not include information that does not identify individuals, such as aggregate information or blind data."

**Information Covered by the Disposal Rule**

There are a variety of personal identifiers beyond simply a person's name that would bring information within the scope of the Disposal Rule, including, but not limited to, a social security number, driver's license number, phone number, physical address, and email address. Depending upon the circumstances, data elements that are not inherently identifying can, in combination, identify particular individuals.

**Proper Disposal**

The District will utilize disposal practices that are reasonable and appropriate to prevent the unauthorized access to—or use of—information contained in or derived from consumer reports and records. Reasonable measures to protect against unauthorized access to or use of consumer information in connection with District disposal include the following examples.

- a) Burning, pulverizing, or shredding of papers containing consumer information so that the information cannot practicably be read or reconstructed;
- b) Destroying or erasing electronic media containing consumer information so that the information cannot practicably be read or reconstructed;

(Continued)

**SUBJECT: DISPOSAL OF CONSUMER REPORT INFORMATION AND RECORDS  
(Cont'd.)**

- c) After due diligence, entering into and monitoring compliance with a contract with another party engaged in the business of record destruction to dispose of material, specifically identified as consumer information, in a manner consistent with the Disposal Rule. In this context, due diligence could include:
1. Reviewing an independent audit of the disposal company's operations and/or its compliance with the Disposal Rule;
  2. Obtaining information about the disposal company from several references or other reliable sources;
  3. Requiring that the disposal company be certified by a recognized trade association or similar third party;
  4. Reviewing and evaluating the disposal company's information security policies or procedures;
  5. Taking other appropriate measures to determine the competency and integrity of the potential disposal company; or
  6. Requiring that the disposal company have a certificate of registration from the New York Department of State issued on or after October 1, 2008.
- d) For persons (as defined in accordance with the Fair Credit Reporting Act) or entities who maintain or otherwise possess consumer information through their provision of services directly to a person subject to the Disposal Rule, monitoring compliance with policies and procedures that protect against unauthorized or unintentional disposal of consumer information, and disposing of this information in accordance with examples a) and b) above.

**Implementation of Practices and Procedures**

The Board delegates to the Superintendent or designee the authority and responsibility to review current practices regarding the disposal of consumer information; and to implement such further reasonable and appropriate procedures, including staff training as necessary, to ensure compliance with the FTC's Disposal Rule.

**SUBJECT: INFORMATION SECURITY BREACH AND NOTIFICATION**

The District values the protection of private information of individuals in accordance with applicable law and regulations. The District is required to notify affected individuals when there has been or is reasonably believed to have been a compromise of the individual's private information in compliance with the Information Security Breach and Notification Act and Board policy.

- a) "Personal information" means any information concerning a person which, because of name, number, symbol, mark, or other identifier, can be used to identify that person.
- b) "Private information" means either:
  - 1. Personal information consisting of any information in combination with any one or more of the following data elements, when either the data element or the combination of personal information plus the data element is not encrypted or encrypted with an encryption key that has also been accessed or acquired:
    - (a) Social security number;
    - (b) Driver's license number or non-driver identification card number;
    - (c) Account number, credit or debit card number, in combination with any required security code, access code, password, or other information which would permit access to an individual's financial account;
    - (d) Account number, or credit or debit card number, if circumstances exist where the number could be used to access an individual's financial account without additional identifying information, security code, access code, or password; or
    - (e) Biometric information, meaning data generated by electronic measurements of an individual's unique physical characteristics, such as fingerprint, voice print, retina or iris image, or other unique physical representation or digital representation which are used to authenticate or ascertain the individual's identity;
  - 2. A username or email address in combination with a password or security question and answer that would permit access to an online account.

Private information does not include publicly available information that is lawfully made available to the general public from federal, state, or local government records.

(Continued)

**SUBJECT: INFORMATION SECURITY BREACH AND NOTIFICATION (Cont'd.)**

- c) "Breach of the security of the system" means unauthorized acquisition or acquisition without valid authorization of computerized data which compromises the security, confidentiality, or integrity of personal information maintained by the District. Good faith acquisition of personal information by an employee or agent of the District for the purposes of the District is not a breach of the security of the system, provided that private information is not used or subject to unauthorized disclosure.

**Determining if a Breach Has Occurred**

In determining whether information has been acquired, or is reasonably believed to have been acquired, by an unauthorized person or person without valid authorization, the District may consider the following factors, among others:

- a) Indications that the information is in the physical possession or control of an unauthorized person, such as a lost or stolen computer or other device containing information;
- b) Indications that the information has been downloaded or copied;
- c) Indications that the information was used by an unauthorized person, such as fraudulent accounts opened or instances of identity theft reported; or
- d) System failures.

**Notification Requirements**

- a) For any computerized data owned or licensed by the District that includes private information, the District will disclose any breach of the security of the system following discovery or notification of the breach to any New York State resident whose private information was, or is reasonably believed to have been, accessed or acquired by a person without valid authorization. The disclosure to affected individuals will be made in the most expedient time possible and without unreasonable delay, consistent with the legitimate needs of law enforcement, or any measures necessary to determine the scope of the breach and restore the integrity of the data system. The District will consult with the New York State Office of Information Technology Services to determine the scope of the breach and restoration measures. Within 90 days of the notice of the breach, the New York State Office of Information Technology Services will deliver a report to the District on the scope of the breach and recommendations to restore and improve the security of the system.

(Continued)

**SUBJECT: INFORMATION SECURITY BREACH AND NOTIFICATION (Cont'd.)**

- b) Notice to affected persons under State Technology Law is not required if the exposure of private information was an inadvertent disclosure by persons authorized to access private information, and the District reasonably determines the exposure will not likely result in the misuse of the information, or financial or emotional harm to the affected persons. This determination must be documented in writing and maintained for at least five years. If the incident affected over 500 New York State residents, the District will provide the written determination to the New York State Attorney General within ten days after the determination.
- c) If notice of the breach of the security of the system is made to affected persons pursuant to the breach notification requirements under certain laws and regulations, the District is not required to provide additional notice to those affected persons under State Technology Law. However, the District will still provide notice to the New York State Attorney General, the New York State Department of State, the New York State Office of Information Technology Services, and to consumer reporting agencies.
- d) For any computerized data maintained by the District that includes private information which the District does not own, the District will notify the owner or licensee of the information of any breach of the security of the system immediately following discovery, if the private information was, or is reasonably believed to have been, accessed or acquired by a person without valid authorization.

The notification requirement may be delayed if a law enforcement agency determines that the notification impedes a criminal investigation. The required notification will be made after the law enforcement agency determines that the notification does not compromise the investigation.

If the District is required to provide notification of a breach, including breach of information that is not private information, to the United States Secretary of Health and Human Services pursuant to the Health Insurance Portability and Accountability Act of 1996 or the Health Information Technology for Economic and Clinical Health Act, it will provide notification to the New York State Attorney General within five business days of notifying the United States Secretary of Health and Human Services.

**Methods of Notification**

The required notice will be directly provided to the affected persons by one of the following methods:

- a) Written notice;
- b) Electronic notice, provided that the person to whom notice is required has expressly consented to receiving the notice in electronic form and a log of each notification is kept by the District when notifying affected persons in electronic form. However, in no case will the District require a person to consent to accepting the notice in electronic form as a condition of establishing any business relationship or engaging in any transaction;

(Continued)

**SUBJECT: INFORMATION SECURITY BREACH AND NOTIFICATION (Cont'd.)**

- c) Telephone notification, provided that a log of each notification is kept by the District when notifying affected persons by phone; or
- d) Substitute notice, if the District demonstrates to the New York State Attorney General that the cost of providing notice would exceed \$250,000, or that the affected class of subject persons to be notified exceeds 500,000, or that the District does not have sufficient contact information. Substitute notice will consist of all of the following:
  - 1. Email notice when the District has an email address for the subject persons;
  - 2. Conspicuous posting of the notice on the District's website page, if the District maintains one; and
  - 3. Notification to major statewide media.

Regardless of the method by which notice is provided, the notice will include:

- a) Contact information for the notifying District;
- b) The telephone numbers and websites of the relevant state and federal agencies that provide information regarding security breach response and identity theft prevention and protection information; and
- c) A description of the categories of information that were, or are reasonably believed to have been, accessed or acquired by a person without valid authorization, including specification of which of the elements of personal information and private information were, or are reasonably believed to have been, accessed or acquired.

In the event that any New York State residents are to be notified, the District will notify the New York State Attorney General, New York State Department of State, and New York State Office of Information Technology Services as to the timing, content, and distribution of the notices and approximate number of affected persons and provide a copy of the template of the notice sent to affected persons. This notice will be made without delaying notice to affected New York State residents.

In the event that more than 5,000 New York State residents are to be notified at one time, the District will also notify consumer reporting agencies as to the timing, content, and distribution of the notices and approximate number of affected persons. This notice will be made without delaying notice to affected New York State residents.

A list of consumer reporting agencies will be compiled by the New York State Attorney General and furnished upon request to any district required to make a notification in accordance with State Technology Law.

**SUBJECT: EMPLOYEE PERSONAL IDENTIFYING INFORMATION**

The District will restrict the use and access to employee personal identifying information. As defined in law, "personal identifying information" includes social security number, home address or telephone number, personal electronic mail address, Internet identification name or password, parent's surname prior to marriage, or driver's license number.

The District will not unless otherwise required by law:

- a) Publicly post or display an employee's social security number;
- b) Visibly print a social security number on any identification badge or card, including any time card;
- c) Place a social security number in files with unrestricted access; or
- d) Communicate an employee's personal identifying information to the general public.

A social security number will not be used as an identification number for purposes of any occupational licensing.

District staff will have access to this policy, informing them of their rights and responsibilities in accordance with Labor Law Section 203-d. District procedures for safeguarding employee "personal identifying information" will be evaluated; and employees who have access to this information as part of their job responsibilities will be advised as to the restrictions on release of this information in accordance with law.

Labor Law Section 203-d

**SUBJECT: DATA NETWORKS AND SECURITY ACCESS**

The District values the protection of private information of individuals in accordance with applicable law, regulations, and best practice. Accordingly, District officials and Information Technology (IT) staff will plan, implement, and monitor IT security mechanisms, procedures, and technologies necessary to prevent improper or illegal disclosure, modification, or denial of sensitive information in the District Computer System (DCS). Similarly, IT mechanisms and procedures will also be implemented in order to safeguard District technology resources, including computer hardware and software. District network administrators may review District computers to maintain system integrity and to ensure that individuals are using the system responsibly. Users should not expect that anything stored on school computers or networks will be private.

In order to achieve the objectives of this policy, the Board entrusts the Superintendent or designee to:

- a) Inventory and classify personal, private, and sensitive information on the DCS to protect the confidentiality, integrity, and availability of information;
- b) Develop password standards for all users including, but not limited to, how to create passwords and how often passwords should be changed by users to ensure security of the DCS;
- c) Ensure that the "audit trail" function is enabled within the District's network operating system, which will allow the District to determine on a constant basis who is accessing the DCS, and establish procedures for periodically reviewing audit trails;
- d) Develop procedures to control physical access to computer facilities, data rooms, systems, networks, and data to only authorized individuals; these procedures may include ensuring that server rooms remain locked at all times and the recording of arrival and departure dates and times of employees and visitors to and from the server room;
- e) Establish procedures for tagging new purchases as they occur, relocating assets, updating the inventory list, performing periodic physical inventories, and investigating any differences in an effort to prevent unauthorized and/or malicious access to these assets;
- f) Periodically grant, change, and terminate user access rights to the overall networked computer system and to specific software applications and ensure that users are given access based on, and necessary for, their job duties;
- g) Limit user access to the vendor master file, which contains a list of vendors from which District employees are permitted to purchase goods and services, to only the individual who is responsible for making changes to this list, and ensure that all former employees' access rights to the vendor master list are promptly removed;

(Continued)

**SUBJECT: DATA NETWORKS AND SECURITY ACCESS (Cont'd.)**

- h) Determine how, and to whom, remote access should be granted, obtain written agreements with remote access users to establish the District's needs and expectations, as appropriate, and monitor and control remote access;
- i) Verify that laptop computer systems assigned to teachers and administrators use full-disk encryption software to protect against loss of sensitive data;
- j) Deploy software to servers and workstations to identify and eradicate malicious software attacks such as viruses and malware;
- k) Develop a disaster recovery plan appropriate for the size and complexity of District IT operations to ensure continuous critical IT services in the event of any sudden, catastrophic event, including, but not limited to fire, computer virus, or deliberate or inadvertent employee action.

Adoption Date

**SUBJECT: STUDENT GRADING INFORMATION SYSTEMS**

Student performance is assessed in many ways, but primarily through assigned grades. The District will help ensure the integrity of student grades by controlling access to its grading information system and by approving modifications to grades where warranted.

**The System**

The District utilizes an electronic software system that contains a record of student performance, credit accumulation, report cards, and a transcript. More specifically, the system includes class rosters where teachers enter student grades and track their students' academic progress. The system is used to generate student report cards and transcripts, and to maintain all student grading records.

To protect student data in the system, the District will first establish who has the authority to grant, change, or terminate user access. The personnel with this authority will be very limited. Further, if the grading system has a feature that allows one user or account to assume the identity of another user or account, the District will restrict or disable that feature. These types of features could allow a user greater access than intended, including inheriting permissions of another user that are greater than the user's.

**System Access**

The District will create categories of system users and assign appropriate system permissions to each. Users' permissions will be compatible with and restricted by their roles and job duties; their access will be as restrictive as possible. Typically, teachers will have the ability to enter, update, and modify grades each marking period before a pre-determined lockout date. The lockout function will be consistently used throughout the school year to help prevent grade modifications without authorization after a marking period closes. Through increased system permissions, other individuals—such as non-classroom teachers, guidance counselors, information technology (IT) staff, clerical staff, and support staff—will be able to view or modify grades.

The District will work with its IT, human resources, and other appropriate departments to determine how best to timely establish access rights, add users, deactivate or modify user accounts, and monitor user accounts. As appropriate, the District will develop further IT controls that protect against improper access and promote data security. Further, the District recognizes that system access is most secure when District-owned devices are used. Accordingly, staff should only use District-owned devices to view, enter, or modify student grades and comments.

**Grade Changes**

Once the lockout period begins, only authorized users identified by the District may change grades, and only under certain circumstances. The system will recognize when grades change, and a log of modified grades may then be viewed and printed. Any grade mismatches will be reconciled before the next marking period closes or before the end of the school year, whichever is earlier.

(Continued)

**SUBJECT: STUDENT GRADING INFORMATION SYSTEMS (Cont'd.)**

The staff member seeking to change a grade will submit a grade-change form signed by the requesting party, the teacher who assigned the original grade, and the appropriate administrator. This form and all other documents supporting a grade modification will be electronically filed in the grading system or filed in a non-electronic system—if electronic filing is impossible or impractical—and maintained for six years. The personnel seeking the modification should specify one or more reasonable grounds for the grade change on the form. There must be reasonable grounds to alter a grade. The reasons may include:

- a) Data entry error;
- b) Computational error;
- c) A modification based on work submitted or considered after the lockout date;
- d) Changing an incomplete grade to a regular grade because a student completed course requirements;
- e) Credit recovery coursework;
- f) Administrative change; or
- g) Other acceptable justifications.

**Audit Log and Monitoring**

The District's grading system will have an audit log or grade-change report function that records certain system activities, including modifications to grades. The District will periodically monitor audit logs or grade-change reports to confirm the integrity of the system, to ensure proper access by personnel, and to confirm that modifications within the system are appropriate and completed in a timely manner. The District will also periodically monitor user accounts and rights so that the permissions granted are proper and the minimum necessary for each user or user group. To the extent feasible, the District will make sure that user accounts are current and updated regularly. The District will be able to print user information, logs, reports, and other documents from the student grading information system, as needed.

**Student Transcripts**

Student transcripts may show all credit-bearing classes; final grades; test scores; grade-point average; class rank; diploma type; SAT, ACT, and other standardized test scores; and graduation date. The same controls, protections, and monitoring applicable to student grading information apply equally to student transcripts.

Adoption Date

**SUBJECT:   PRIVACY AND SECURITY FOR STUDENT DATA AND TEACHER AND  
PRINCIPAL DATA**

The District is committed to maintaining the privacy and security of student data and teacher and principal data and will follow all applicable laws and regulations for the handling and storage of this data in the District and when disclosing or releasing it to others, including, but not limited to, third-party contractors. The District adopts this policy to implement the requirements of Education Law Section 2-d and its implementing regulations, as well as to align the District's data privacy and security practices with the National Institute for Standards and Technology Framework for Improving Critical Infrastructure Cybersecurity (Version 1.1).

**Definitions**

As provided in Education Law Section 2-d and/or its implementing regulations, the following terms, as used in this policy, will mean:

- a) "Breach" means the unauthorized acquisition, access, use, or disclosure of student data and/or teacher or principal data by or to a person not authorized to acquire, access, use, or receive the student data and/or teacher or principal data.
- b) "Building principal" means a building principal subject to annual performance evaluation review under the provisions of Education Law Section 3012-c.
- c) "Classroom teacher" means a teacher subject to annual performance evaluation review under the provisions of Education Law Section 3012-c.
- d) "Commercial or marketing purpose" means the sale of student data; or its use or disclosure for purposes of receiving remuneration, whether directly or indirectly; the use of student data for advertising purposes, or to develop, improve, or market products or services to students.
- e) "Contract or other written agreement" means a binding agreement between an educational agency and a third-party, which includes, but is not limited to, an agreement created in electronic form and signed with an electronic or digital signature or a click-wrap agreement that is used with software licenses, downloaded, and/or online applications and transactions for educational technologies and other technologies in which a user must agree to terms and conditions prior to using the product or service.
- f) "Disclose" or "disclosure" means to permit access to, or the release, transfer, or other communication of personally identifiable information by any means, including oral, written, or electronic, whether intended or unintended.

**SUBJECT: PRIVACY AND SECURITY FOR STUDENT DATA AND TEACHER AND  
PRINCIPAL DATA (Cont'd.)****Chief Privacy Officer**

The Commissioner of Education has appointed a Chief Privacy Officer who will report to the Commissioner on matters affecting privacy and the security of student data and teacher and principal data. Among other functions, the Chief Privacy Officer is authorized to provide assistance to educational agencies within the state on minimum standards and best practices associated with privacy and the security of student data and teacher and principal data.

The District will comply with its obligation to report breaches or unauthorized releases of student data or teacher or principal data to the Chief Privacy Officer in accordance with Education Law Section 2-d, its implementing regulations, and this policy.

The Chief Privacy Officer has the power, among others, to:

- a) Access all records, reports, audits, reviews, documents, papers, recommendations, and other materials maintained by the District that relate to student data or teacher or principal data, which includes, but is not limited to, records related to any technology product or service that will be utilized to store and/or process PII; and
- b) Based upon a review of these records, require the District to act to ensure that PII is protected in accordance with laws and regulations, including but not limited to requiring the District to perform a privacy impact and security risk assessment.

The Data Protection Officer may perform these functions in addition to other job responsibilities. Additionally, some aspects of this role may be outsourced to a provider such as a BOCES, to the extent available.

**SUBJECT: PRIVACY AND SECURITY FOR STUDENT DATA AND TEACHER AND  
PRINCIPAL DATA (Cont'd.)****District Data Privacy and Security Standards**

The District will use the National Institute for Standards and Technology Framework for Improving Critical Infrastructure Cybersecurity (Version 1.1) (Framework) as the standard for its data privacy and security program. The Framework is a risk-based approach to managing cybersecurity risk and is composed of three parts: the Framework Core, the Framework Implementation Tiers, and the Framework Profiles. The Framework provides a common taxonomy and mechanism for organizations to:

- a) Describe their current cybersecurity posture;
- b) Describe their target state for cybersecurity;
- c) Identify and prioritize opportunities for improvement within the context of a continuous and repeatable process;
- d) Assess progress toward the target state; and
- e) Communicate among internal and external stakeholders about cybersecurity risk.

The District will protect the privacy of PII by:

- a) Ensuring that every use and disclosure of PII by the District benefits students and the District by considering, among other criteria, whether the use and/or disclosure will:
  - 1. Improve academic achievement;
  - 2. Empower parents and students with information; and/or
  - 3. Advance efficient and effective school operations.
- b) Not including PII in public reports or other public documents.

The District affords all protections under FERPA and the Individuals with Disabilities Education Act and their implementing regulations to parents or eligible students, where applicable.

**SUBJECT: PRIVACY AND SECURITY FOR STUDENT DATA AND TEACHER AND  
PRINCIPAL DATA (Cont'd.)****Third-Party Contractors**District Responsibilities

The District will ensure that whenever it enters into a contract or other written agreement with a third-party contractor under which the third-party contractor will receive student data or teacher or principal data from the District, the contract or written agreement will include provisions requiring that confidentiality of shared student data or teacher or principal data be maintained in accordance with law, regulation, and District policy.

In addition, the District will ensure that the contract or written agreement includes the third-party contractor's data privacy and security plan that has been accepted by the District.

The third-party contractor's data privacy and security plan must, at a minimum:

- a) Outline how the third-party contractor will implement all state, federal, and local data privacy and security contract requirements over the life of the contract, consistent with District policy;
- b) Specify the administrative, operational, and technical safeguards and practices the third-party contractor has in place to protect PII that it will receive under the contract;
- c) Demonstrate that the third-party contractor complies with the requirements of 8 NYCRR Section 121.3(c);
- d) Specify how officers or employees of the third-party contractor and its assignees who have access to student data or teacher or principal data receive or will receive training on the laws governing confidentiality of this data prior to receiving access;
- e) Specify if the third-party contractor will utilize subcontractors and how it will manage those relationships and contracts to ensure PII is protected;
- f) Specify how the third-party contractor will manage data privacy and security incidents that implicate PII including specifying any plans to identify breaches and unauthorized disclosures, and to promptly notify the District;
- g) Describe whether, how, and when data will be returned to the District, transitioned to a successor contractor, at the District's option and direction, deleted or destroyed by the third-party contractor when the contract is terminated or expires; and
- h) Include a signed copy of the Parents' Bill of Rights for Data Privacy and Security.

**SUBJECT: PRIVACY AND SECURITY FOR STUDENT DATA AND TEACHER AND  
PRINCIPAL DATA (Cont'd.)**Third-Party Contractor Responsibilities

Each third-party contractor, that enters into a contract or other written agreement with the District under which the third-party contractor will receive student data or teacher or principal data from the District, is required to:

- a) Adopt technologies, safeguards, and practices that align with the NIST Cybersecurity Framework;
- b) Comply with District policy and Education Law Section 2-d and its implementing regulations;
- c) Limit internal access to PII to only those employees or subcontractors that have legitimate educational interests (i.e., they need access to provide the contracted services);
- d) Not use the PII for any purpose not explicitly authorized in its contract;
- e) Not disclose any PII to any other party without the prior written consent of the parent or eligible student:
  - 1. Except for authorized representatives of the third-party contractor such as a subcontractor or assignee to the extent they are carrying out the contract and in compliance with law, regulation, and its contract with the District; or
  - 2. Unless required by law or court order and the third-party contractor provides a notice of the disclosure to NYSED, the Board, or the institution that provided the information no later than the time the information is disclosed, unless providing notice of the disclosure is expressly prohibited by law or court order;
- f) Maintain reasonable administrative, technical, and physical safeguards to protect the security, confidentiality, and integrity of PII in its custody;
- g) Use encryption to protect PII in its custody while in motion or at rest; and
- h) Not sell PII nor use or disclose it for any marketing or commercial purpose or facilitate its use or disclosure by any other party for any marketing or commercial purpose or permit another party to do so.

Where a third-party contractor engages a subcontractor to perform its contractual obligations, the data protection obligations imposed on the third-party contractor by law and contract apply to the subcontractor.

(Continued)

**SUBJECT: PRIVACY AND SECURITY FOR STUDENT DATA AND TEACHER AND  
PRINCIPAL DATA (Cont'd.)**Cooperative Educational Services through a BOCES

The District may not be required to enter into a separate contract or data sharing and confidentiality agreement with a third-party contractor that will receive student data or teacher or principal data from the District under all circumstances.

For example, the District may not need its own contract or agreement where:

- a) It has entered into a cooperative educational service agreement (CoSer) with a BOCES that includes use of a third-party contractor's product or service; and
- b) That BOCES has entered into a contract or data sharing and confidentiality agreement with the third-party contractor, pursuant to Education Law Section 2-d and its implementing regulations, that is applicable to the District's use of the product or service under that CoSer.

To meet its obligations whenever student data or teacher or principal data from the District is received by a third-party contractor pursuant to a CoSer, the District will consult with the BOCES to, among other things:

- a) Ensure there is a contract or data sharing and confidentiality agreement pursuant to Education Law Section 2-d and its implementing regulations in place that would specifically govern the District's use of a third-party contractor's product or service under a particular CoSer;
- b) Determine procedures for including supplemental information about any applicable contracts or data sharing and confidentiality agreements that a BOCES has entered into with a third-party contractor in its Parents' Bill of Rights for Data Privacy and Security;
- c) Ensure appropriate notification is provided to affected parents, eligible students, teachers, and/or principals about any breach or unauthorized release of PII that a third-party contractor has received from the District pursuant to a BOCES contract; and
- d) Coordinate reporting to the Chief Privacy Officer to avoid duplication in the event the District receives information directly from a third-party contractor about a breach or unauthorized release of PII that the third-party contractor received from the District pursuant to a BOCES contract.

Click-Wrap Agreements

Periodically, District staff may wish to use software, applications, or other technologies in which the user must "click" a button or box to agree to certain online terms of service prior to using the software, application, or other technology. These are known as "click-wrap agreements" and are considered legally binding "contracts or other written agreements" under Education Law Section 2-d and its implementing regulations.

(Continued)

**SUBJECT: PRIVACY AND SECURITY FOR STUDENT DATA AND TEACHER AND  
PRINCIPAL DATA (Cont'd.)**

District staff are prohibited from using software, applications, or other technologies pursuant to a click-wrap agreement in which the third-party contractor receives student data or teacher or principal data from the District unless they have received prior approval from the District's Data Protection Officer or designee.

The District will develop and implement procedures requiring prior review and approval for staff use of any software, applications, or other technologies pursuant to click-wrap agreements.

**Parents' Bill of Rights for Data Privacy and Security**

The District will publish its Parents' Bill of Rights for Data Privacy and Security (Bill of Rights) on its website. Additionally, the District will include the Bill of Rights with every contract or other written agreement it enters into with a third-party contractor under which the third-party contractor will receive student data or teacher or principal data from the District.

The Bill of Rights will contain all required elements including supplemental information for each contract the District enters into with a third-party contractor where the third-party contractor receives student data or teacher or principal data from the District. The supplemental information must be developed by the District and include the following information:

- a) The exclusive purposes for which the student data or teacher or principal data will be used by the third-party contractor, as defined in the contract;
- b) How the third-party contractor will ensure that the subcontractors, or other authorized persons or entities to whom the third-party contractor will disclose the student data or teacher or principal data, if any, will abide by all applicable data protection and security requirements, including but not limited to those outlined in applicable laws and regulations (e.g., FERPA; Education Law Section 2-d);
- c) The duration of the contract, including the contract's expiration date, and a description of what will happen to the student data or teacher or principal data upon expiration of the contract or other written agreement (e.g., whether, when, and in what format it will be returned to the District, and/or whether, when, and how the data will be destroyed);
- d) If and how a parent, student, eligible student, teacher, or principal may challenge the accuracy of the student data or teacher or principal data that is collected;
- e) Where the student data or teacher or principal data will be stored, described in a manner as to protect data security, and the security protections taken to ensure the data will be protected and data privacy and security risks mitigated; and

(Continued)

**SUBJECT: PRIVACY AND SECURITY FOR STUDENT DATA AND TEACHER AND  
PRINCIPAL DATA (Cont'd.)**

- f) Address how the data will be protected using encryption while in motion and at rest.

The District will publish on its website the supplement to the Bill of Rights (i.e., the supplemental information described above) for any contract or other written agreement it has entered into with a third-party contractor that will receive PII from the District. The Bill of Rights and supplemental information may be redacted to the extent necessary to safeguard the privacy and/or security of the District's data and/or technology infrastructure.

**Right of Parents and Eligible Students to Inspect and Review Students' Education Records**

Consistent with the obligations of the District under FERPA, parents and eligible students have the right to inspect and review a student's education record by making a request directly to the District in a manner prescribed by the District.

The District will ensure that only authorized individuals are able to inspect and review student data. To that end, the District will take steps to verify the identity of parents or eligible students who submit requests to inspect and review an education record and verify the individual's authority to do so.

Requests by a parent or eligible student for access to a student's education records must be directed to the District and not to a third-party contractor. The District may require that requests to inspect and review education records be made in writing.

The District will notify parents annually of their right to request to inspect and review their child's education record including any student data stored or maintained by the District through its annual FERPA notice. A notice separates from the District's annual FERPA notice is not required.

The District will comply with a request for access to records within a reasonable period, but not more than 45 calendar days after receipt of a request.

The District may provide the records to a parent or eligible student electronically, if the parent consents. The District must transmit the PII in a way that complies with laws and regulations. Safeguards associated with industry standards and best practices, including but not limited to encryption and password protection, must be in place when education records requested by a parent or eligible student are electronically transmitted.

**SUBJECT: PRIVACY AND SECURITY FOR STUDENT DATA AND TEACHER AND  
PRINCIPAL DATA (Cont'd.)****Complaints of Breach or Unauthorized Release of Student Data and/or Teacher or Principal Data**

The District will inform parents, through its Parents' Bill of Rights for Data Privacy and Security, that they have the right to submit complaints about possible breaches of student data to the Chief Privacy Officer at NYSED. In addition, the District has established the following procedures for parents, eligible students, teachers, principals, and other District staff to file complaints with the District about breaches or unauthorized releases of student data and/or teacher or principal data:

- a) All complaints must be submitted to the District's Data Protection Officer in writing.
- b) Upon receipt of a complaint, the District will promptly acknowledge receipt of the complaint, commence an investigation, and take the necessary precautions to protect PII.
- c) Following the investigation of a submitted complaint, the District will provide the individual who filed the complaint with its findings. This will be completed within a reasonable period of time, but no more than 60 calendar days from the receipt of the complaint by the District.
- d) If the District requires additional time, or where the response may compromise security or impede a law enforcement investigation, the District will provide the individual who filed the complaint with a written explanation that includes the approximate date when the District anticipates that it will respond to the complaint.

These procedures will be disseminated to parents, eligible students, teachers, principals, and other District staff.

The District will maintain a record of all complaints of breaches or unauthorized releases of student data and their disposition in accordance with applicable data retention policies.

**Reporting a Breach or Unauthorized Release**

The District will report every discovery or report of a breach or unauthorized release of student data or teacher or principal data within the District to the Chief Privacy Officer without unreasonable delay, but no more than ten calendar days after the discovery.

Each third-party contractor that receives student data or teacher or principal data pursuant to a contract or other written agreement entered into with the District will be required to promptly notify the District of any breach of security resulting in an unauthorized release of the data by the third-party contractor or its assignees in violation of applicable laws and regulations, the Parents' Bill of Rights for Student Data Privacy and Security, District policy, and/or binding contractual obligations relating to data privacy and security, in the most expedient way possible and without unreasonable delay, but no more than seven calendar days after the discovery of the breach.

(Continued)

**SUBJECT: PRIVACY AND SECURITY FOR STUDENT DATA AND TEACHER AND  
PRINCIPAL DATA (Cont'd.)**

In the event of notification from a third-party contractor, the District will in turn notify the Chief Privacy Officer of the breach or unauthorized release of student data or teacher or principal data no more than ten calendar days after it receives the third-party contractor's notification using a form or format prescribed by NYSED.

**Investigation of Reports of Breach or Unauthorized Release by the Chief Privacy Officer**

The Chief Privacy Officer is required to investigate reports of breaches or unauthorized releases of student data or teacher or principal data by third-party contractors. As part of an investigation, the Chief Privacy Officer may require that the parties submit documentation, provide testimony, and may visit, examine, and/or inspect the third-party contractor's facilities and records.

Upon the belief that a breach or unauthorized release constitutes criminal conduct, the Chief Privacy Officer is required to report the breach and unauthorized release to law enforcement in the most expedient way possible and without unreasonable delay.

Third-party contractors are required to cooperate with the District and law enforcement to protect the integrity of investigations into the breach or unauthorized release of PII.

Upon conclusion of an investigation, if the Chief Privacy Officer determines that a third-party contractor has through its actions or omissions caused student data or teacher or principal data to be breached or released to any person or entity not authorized by law to receive this data in violation of applicable laws and regulations, District policy, and/or any binding contractual obligations, the Chief Privacy Officer is required to notify the third-party contractor of the finding and give the third-party contractor no more than 30 days to submit a written response.

If after reviewing the third-party contractor's written response, the Chief Privacy Officer determines the incident to be a violation of Education Law Section 2-d, the Chief Privacy Officer will be authorized to:

- a) Order the third-party contractor be precluded from accessing PII from the affected educational agency for a fixed period of up to five years;
- b) Order that a third-party contractor or assignee who knowingly or recklessly allowed for the breach or unauthorized release of student data or teacher or principal data be precluded from accessing student data or teacher or principal data from any educational agency in the state for a fixed period of up to five years;

(Continued)

**SUBJECT: PRIVACY AND SECURITY FOR STUDENT DATA AND TEACHER AND  
PRINCIPAL DATA (Cont'd.)**

- c) Order that a third-party contractor who knowingly or recklessly allowed for the breach or unauthorized release of student data or teacher or principal data will not be deemed a responsible bidder or offeror on any contract with an educational agency that involves the sharing of student data or teacher or principal data, as applicable for purposes of General Municipal Law Section 103 or State Finance Law Section 163(10)(c), as applicable, for a fixed period of up to five years; and/or
- d) Require the third-party contractor to provide additional training governing confidentiality of student data and/or teacher or principal data to all its officers and employees with reasonable access to this data and certify that the training has been performed at the contractor's expense. This additional training is required to be performed immediately and include a review of laws, rules, and regulations, including Education Law Section 2-d and its implementing regulations.

If the Chief Privacy Officer determines that the breach or unauthorized release of student data or teacher or principal data on the part of the third-party contractor or assignee was inadvertent and done without intent, knowledge, recklessness, or gross negligence, the Chief Privacy Officer may make a recommendation to the Commissioner that no penalty be issued to the third-party contractor.

The Commissioner would then make a final determination as to whether the breach or unauthorized release was inadvertent and done without intent, knowledge, recklessness or gross negligence and whether or not a penalty should be issued.

**Notification of a Breach or Unauthorized Release**

The District will notify affected parents, eligible students, teachers, and/or principals in the most expedient way possible and without unreasonable delay, but no more than 60 calendar days after the discovery of a breach or unauthorized release of PII by the District or the receipt of a notification of a breach or unauthorized release of PII from a third-party contractor unless that notification would interfere with an ongoing investigation by law enforcement or cause further disclosure of PII by disclosing an unfixed security vulnerability. Where notification is delayed under these circumstances, the District will notify parents, eligible students, teachers, and/or principals within seven calendar days after the security vulnerability has been remedied or the risk of interference with the law enforcement investigation ends.

Notifications will be clear, concise, use language that is plain and easy to understand, and to the extent available, include:

- a) A brief description of the breach or unauthorized release, the dates of the incident and the date of discovery, if known;

(Continued)

**SUBJECT: PRIVACY AND SECURITY FOR STUDENT DATA AND TEACHER AND  
PRINCIPAL DATA (Cont'd.)**

- b) A description of the types of PII affected;
- c) An estimate of the number of records affected;
- d) A brief description of the District's investigation or plan to investigate; and
- e) Contact information for representatives who can assist parents or eligible students that have additional questions.

Notification will be directly provided to the affected parent, eligible student, teacher, or principal by first-class mail to their last known address, by email, or by telephone.

Where a breach or unauthorized release is attributed to a third-party contractor, the third-party contractor is required to pay for or promptly reimburse the District for the full cost of this notification.

**Annual Data Privacy and Security Training**

The District will annually provide data privacy and security awareness training to its officers and staff with access to PII. This training will include, but not be limited to, training on the applicable laws and regulations that protect PII and how staff can comply with these laws and regulations. The District may deliver this training using online training tools. Additionally, this training may be included as part of the training that the District already offers to its workforce.

**Notification of Policy**

The District will publish this policy on its website and provide notice of the policy to all its officers and staff.

Adoption Date

**SUBJECT: SCHOOL SAFETY PLANS**

The District considers the safety of its students and personnel to be of the utmost importance and is keenly aware of the evolving nature of threats to schools. As such, it will address those threats accordingly through appropriate emergency response planning. These plans will be reviewed and updated by the appropriate team on at least an annual basis and adopted by the Board by September 1 of each school year.

The Board will make the District-wide school safety plan available for public comment at least 30 days prior to its adoption. The District-wide school safety plan may only be adopted by the Board after at least one public hearing that provides for the participation of school personnel, parents, students, and any other interested parties. The District-wide school safety plan and any amendments must be submitted to the Commissioner, in a manner prescribed by the Commissioner, within 30 days of adoption, but no later than October 1 of each school year.

The District-wide school safety plan will be developed by the District-wide school safety team appointed by the Board. The District-wide school safety team will include, but not be limited to, representatives of the Board, teacher, administrator, and parent organizations, school safety personnel, and other school personnel including bus drivers and monitors. The District-wide school safety team will consider, as part of their review of the comprehensive District-wide school safety plan, the installation of a panic alarm system. \*At the discretion of the Board, a student may be allowed to participate on the District-wide school safety team.

(Continued)

**SUBJECT: SCHOOL SAFETY PLANS (Cont'd.)**

The District-wide school safety plan will include, but not be limited to:

When these teams are utilized, the District will:
    - (a) Describe the school, District, or county team and its purpose in the District-wide school safety plan; and
    - (b) Include information regarding the purpose and procedures of these teams in the District's annual personnel training on safety and emergency procedures.

The building-level emergency response planning team is a building-specific team appointed by the building principal, in accordance with regulations or guidelines prescribed by the Board. The building-level emergency response planning team will include, but not be limited to, representatives of teacher, administrator, and parent organizations, school safety personnel and other school personnel including bus drivers and monitors, community members, local law enforcement officials, local ambulance, fire officials, or other emergency response agencies, and any other representatives the Board deems appropriate.

**SUBJECT: CARDIAC AUTOMATED EXTERNAL DEFIBRILLATORS (AEDs) IN  
PUBLIC SCHOOL FACILITIES**

The District will provide and maintain on-site in each instructional school facility functional cardiac automated external defibrillator (AED) equipment as defined in Public Health Law Section 3000-b for use during emergencies. Each facility will have sufficient AED equipment available to ensure ready and appropriate access for use during emergencies in quantities and types as deemed by the Commissioner of Education, in consultation with the Commissioner of Health. Determination of the quantity and placement of AEDs must be made with consideration of at least the factors described in Commissioner's regulations. An instructional school facility means a building or other facility maintained by the District where instruction is provided to students in accordance with its curriculum.

Whenever an instructional school facility is used for a school-sponsored or school-approved curricular or extracurricular event or activity, and whenever a school-sponsored athletic contest is held at any location, the public school officials and administrators responsible for the school facility or athletic contest will ensure that AED equipment is provided on-site and that there is present during that event, activity, or contest at least one staff person who is trained in accordance with Public Health Law in the operation and use of an AED. School-sponsored or school-approved curricular or extracurricular events or activities mean events or activities of the District that are, respectively, associated with its instructional curriculum or otherwise offered to its students. A school-sponsored athletic contest means an extraclass intramural athletic activity of instruction, practice, and competition for students in grades 4 through 12 consistent with Commissioner's regulations.

Where a school-sponsored competitive athletic event is held at a site other than a District facility, District officials will ensure that AED equipment is provided on-site by the sponsoring or host district and that at least one staff person who is trained in the operation and use of the AED, in accordance with Public Health Law, is present during the athletic event. A school-sponsored competitive athletic event means an extraclass interscholastic athletic activity of instruction, practice, and competition for students in grades 7 through 12 consistent with Commissioner's regulations.

The District will provide proper training requirements for District AED users to ensure the immediate calling of 911 or the community equivalent ambulance dispatch entity whenever the AED is used, to ensure ready identification of the location of the AED units as set forth in the District's Public Access Defibrillation Collaborative Agreement.

The District will provide for regular maintenance and checkout procedures of the AED unit(s) which meet or exceed manufacturer's recommendations. Appropriate documentation will be maintained in accordance with law and/or regulation. Further, the District will participate in the required Quality Improvement Program as determined by the Regional Emergency Medical Services Council.

The District will post a sign or notice at the main entrance to the facility or building in which the AED unit(s) is stored, indicating the exact location where the unit(s) is stored or maintained on a regular basis.

**SUBJECT: EVACUATION, LOCKDOWN, AND EMERGENCY DISMISSAL DRILLS****Evacuation, Lockdown, and Emergency Dismissal Drills**Overview

The purpose of drills is to practice personnel and student actions during an emergency. Except for evacuation drills, at the time that drills are conducted, students and personnel will be informed it is a drill. All drills must:

- a) Be conducted in a trauma-informed, developmentally, and age-appropriate manner and shall not include props, actors, simulations, or other tactics intended to mimic a school shooting, incident of violence, or other emergency;
- b) Occur after annual training in emergency procedures has been provided to students and personnel; and
- c) Be completed on different dates, days of the week, and during different times of the school day.

The administration of each school building will instruct and train students on appropriate emergency responses, through drills, in the event of a sudden emergency.

Definitions

For purposes of this section, the following definitions apply:

- a) Trauma means an emotional response to a deeply distressing or disturbing experience such as, but not limited to, an act of violence, natural disaster, abuse, neglect, or loss.
- b) Trauma-informed means an understanding of trauma and how it affects the physical, emotional, and mental health of students and adults.
- c) Trauma-informed drills mean avoiding tactics in training or drills that may introduce or activate trauma, such as the use of props, actors, simulations, or other tactics intended to mimic a school shooting, incident of violence, or other emergency, or inclusion of developmentally or age-inappropriate content. Drills may inadvertently prompt a negative emotional or psychological response in personnel or students because of previous exposure(s) to trauma.

(Continued)

**SUBJECT: EVACUATION, LOCKDOWN, AND EMERGENCY DISMISSAL DRILLS  
(Cont'd.)****Drill Requirements**

The District will practice emergency response procedures under its District-wide school plan and building-level emergency response plan(s), where possible in cooperation with local law enforcement, emergency preparedness plan officials, and other first responders as follows:

**a) Evacuation Drills**

The District will conduct at least eight evacuation drills with students each school year. Six of the eight drills will be conducted between September 1 and December 31 of the school year. Four of the eight drills will be through the use of the fire escapes on buildings where fire escapes are provided or through the use of identified secondary means of egress, such as through different corridors, hallways, stairways, and exit doors.

Evacuation drills will be conducted at different times of the school day. Students will be instructed in the procedure to be followed if a fire occurs during a lunch period or assembly, provided, however, that this additional instruction may be waived where a drill is held during a regular school lunch period or assembly.

At least two additional drills will be held during summer school in buildings where summer school is conducted. One of the two drills will be held during the first week of summer school.

In the case of after-school programs, events, or performances which are conducted within a school building and which include persons who do not regularly attend classes in the school building, the principal or other person in charge of the building will require the teacher or person in charge of such after-school program, event, or performance to notify persons in attendance at the beginning of the program, event, or performance, of the procedures to be followed in the event of an emergency so that they may be able to respond in a timely, orderly manner.

**b) Lockdown Drills**

The District will conduct at least four lockdown drills with students each school year. Two of the four drills will be conducted between September 1 and December 31 of the school year.

(Continued)

**SUBJECT: EVACUATION, LOCKDOWN, AND EMERGENCY DISMISSAL DRILLS  
(Cont'd.)**

Lockdown drills will be conducted at different times of the school day. Students will be instructed in the procedure to be followed if an emergency occurs during a lunch period or assembly, provided, however, that this additional instruction may be waived where a drill is held during a regular school lunch period or assembly.

**c) Emergency Dismissal Drills**

The District will conduct at least one emergency dismissal drill to test emergency response procedures that require early dismissal at a time not to occur more than 15 minutes earlier than the normal dismissal time.

Emergency dismissal drills will test the usefulness of the communications and transportation system during emergencies.

**Notification**

The District will notify parents or persons in parental relation at least one day, but no more than one week, before any drill. For emergency dismissal drills, the District will notify parents or persons in parental relation at least one week prior.

**Bomb Threats****School Bomb Threats**

A bomb threat, even if later determined to be a hoax, is a criminal act. No bomb threat should be treated as a hoax when it is first received. Upon receiving any bomb threat, the school has an obligation and responsibility to ensure the safety and protection of the students and other occupants of the school. This obligation takes precedence over a search for a suspect object. Prudent action is dependent upon known information about the bomb threat-location, if any; time of detonation; etc. Specific procedures as to appropriate responses as a result of a bomb threat can be located in the building-level emergency response plan, as required by relevant law and regulation.

**Police Notification and Investigation**

Appropriate law enforcement agencies must be notified by the building administrator or designee of any bomb threat as soon as possible after receiving the threat. Law enforcement officials will contact, as the situation requires, fire and/or county emergency coordinators according to the county emergency plan.

(Continued)

**SUBJECT: EVACUATION, LOCKDOWN, AND EMERGENCY DISMISSAL DRILLS  
(Cont'd.)****Bus Emergency Drills**

The administration will conduct a minimum of three emergency drills to be held on each school bus during the school year. The first drill will be conducted during the first seven days of school, the second drill between November 1 and December 31, and the third drill between March 1 and April 30. No drills will be conducted when buses are on routes.

Students who ordinarily walk to school will also be included in the drills. Students attending public and nonpublic schools who do not participate in regularly scheduled drills will also be provided drills on school buses, or as an alternative, will be provided classroom instruction covering the content of these drills.

Each drill will include practice and instruction in the location, use, and operation of the emergency exits, fire extinguishers, first-aid equipment, and windows as a means of escape in the event of fire or accident. Similarly, students will be instructed on all topics mandated by relevant sections of the Education Law and Commissioner's Regulations, including, but not limited to, the following:

- a) Safe boarding and exiting procedures with specific emphasis on when and how to approach, board, disembark, and move away from the bus after disembarking;
- b) Advancing at least 15 feet in front of the bus before crossing the highway after disembarking;
- c) Specific hazards encountered during snow, ice, rain, and other inclement weather, including, but not necessarily limited to, poor driver visibility, reduced vehicular control, and reduced hearing; and
- d) Orderly conduct as bus passengers.

The administration of the drills will be in accordance with the New York State Education Department's Bus Safety Drill Guide and Compliance Form.

**Instruction on Use of Seat Belts**

When students are transported on school buses, the District will ensure that all students who are transported on any school bus owned, leased, or contracted for by the District will receive instruction on the use of seat safety belts. This instruction will be provided at least three times each year to both public and nonpublic school students who are so transported and will include, but not be limited to:

- a) Proper fastening and release of seat safety belts;

(Continued)

**SUBJECT: EVACUATION, LOCKDOWN, AND EMERGENCY DISMISSAL DRILLS  
(Cont'd.)**

- b) Acceptable adjustment and placement of seat safety belts on students;
- c) Times at which the seat safety belts should be fastened and released; and
- d) Acceptable placement of the seat safety belts when not in use.

While the Board recognizes the importance of privacy, it has authorized the use of surveillance cameras on District property including in school buildings, school facilities, as well as on school buses, when necessary. These surveillance cameras will help to assist the Board in maintaining the overall safety and welfare of the District's students, staff, property, and visitors, as well as to deter theft, violence, and other criminal activities.

Further, surveillance cameras will only be placed in public or common areas, such as stairwells, hallways, cafeterias, parking lots, or playgrounds, and not in private areas such as locker rooms, bathrooms, or other areas in which individuals have a reasonable expectation of privacy. Audio recordings will not be utilized by the District officials, however, this prohibition may not preclude the use of audio recordings by law enforcement officials in accordance with their official duties or as otherwise authorized by law.

**Disciplinary Proceedings**

Video recordings or footage from District surveillance cameras may be used in student or employee (as permitted by any applicable collective bargaining agreement) disciplinary proceedings, as appropriate.

**Signage/Notification**

The District will place signage at entrances to the school campus or at major entrances into school buildings notifying students, staff, as well as any visitors of the District's use of surveillance cameras. Students and staff will also receive additional notification, as deemed appropriate by the Superintendent, regarding the use of its surveillance cameras through means such as publication in the District calendar, employee handbook, and/or the student handbook.

**Maintenance of Video Recordings**

Any video surveillance recording in the schools, on school buses, or on school property, on tape, CD, or digitally, will be the sole property of the District and stored in its original form and in a secure location to avoid tampering and also to ensure its confidentiality in accordance with relevant law and regulations.

In addition, to the extent that any video images create student or personnel records, the District will comply with all applicable state and federal laws related to record retention, record maintenance, and record disclosure, including the Family Educational Rights and Privacy Act ("FERPA").

- b) Room temperature means the temperature measured at a shaded location, three feet above the floor near the center of the room.
- c) Support services spaces do not include kitchen areas used in the preparation of food for consumption by students.

**Implementation Plan When the Temperature Reaches Eighty-Two Degrees Fahrenheit**

The District is required to take action to relieve heat-related discomfort when the occupiable educational and support services spaces temperatures reach 82 degrees Fahrenheit. These actions may include, but are not limited to:

Air conditioners, where available, may also be used to keep room temperatures from reaching 82 degrees Fahrenheit. The District may take the actions above earlier in the day or before school starts in an effort to keep the room temperature below 82 degrees Fahrenheit. This does not prohibit using air conditioning in response to a student's Individualized Education Plan, Section 504 Plan, or in response to a documented student medical need.

(Continued)

**SUBJECT: MAXIMUM TEMPERATURE FOR SCHOOL BUILDINGS AND INDOOR FACILITIES (Cont'd.)**Implementation Plan When the Temperature Reaches Eighty-Eight Degrees Fahrenheit

- a) Moving students and staff to cooler spaces within the school building(s); or
- b) Closing school early and sending students and staff home according to the District's emergency school closing policy and/or procedure which include communicating with parents and persons in parental relation.

The Board will consider the anticipated number of extreme heat condition days when adopting or adjusting the District's school calendar. The District will also be mindful of collective bargaining agreements.

The Director of School Health Services will immediately notify a local public health agency of the disease.

Following absence on account of illness or from unknown cause, the Director of School Health Services may examine each student returning to a school without a certificate from a local public Health Officer, a duly licensed physician, physician assistant, or nurse practitioner.

**SUBJECT: TRANSPORTATION OF STUDENTS****Requests for Transportation to and from Nonpublic Schools**

The parent or person in parental relation of a parochial or private school child residing in the District who desires his or her child to be transported to a parochial, private, or charter school within or outside the District during the next school year, must submit a written request to the Board no later than April 1 of the preceding year, or within 30 days of moving into the District. The District will publish the April 1 date in its school calendar and/or local newspaper as a reminder to parents of this deadline. Late requests will not be denied where a reasonable explanation is provided for the delay.

**Transportation to Nonpublic Schools on Holidays**

The District will share its calendar and start and dismissal times with nonpublic schools before the start of the school year. The District is not required to provide transportation to nonpublic schools on days on which the District's schools are not in session.

**Transportation for Nonpublic School Students with Disabilities who are Parentally Placed**

For students with disabilities, ages 5 through 21, who are parentally placed in nonpublic schools outside their district of residency, if special education services are to be provided to a student at a site other than the nonpublic school, the school district of location is responsible for providing the special education services, including, as applicable, arranging and providing transportation necessary for the student to receive special education services.

The district of residence remains responsible to provide transportation to parentally placed nonpublic school students from the student's home to the nonpublic school.

**Transportation of Students with Disabilities**

Transportation of students with disabilities in the District may not exceed 50 miles one way from the student's home to the appropriate special service or program, unless the Commissioner certifies that no appropriate nonresidential special service or program is available within 50 miles. In that event the Commissioner may then establish transportation arrangements.

**Student Information**

Upon written consent of the parent or person in parental relation, every school bus which is used to regularly transport students with disabilities will maintain the following information about each student with a disability being transported:

(Continued)

**SUBJECT: TRANSPORTATION OF STUDENTS (Cont'd.)**

This information will be used solely for the purpose of contacting the student's parent, guardian, person in parental relation, or designee in the event of an emergency involving the student, will be kept in a manner which retains the privacy of the student, and will not be accessible to any person other than the driver or a teacher acting in a supervisory capacity. In the event that the driver or teacher is incapacitated, this information may be accessed by any emergency service provider.

This information will be updated as needed, but at least once each school year and will be destroyed if parental consent is revoked, the student no longer attends the school, or the disability no longer exists.

**Transportation of Non-Resident Students**

Non-resident families must provide their own transportation.

**Transportation to School-Sponsored Events**

Where the District has provided transportation to students enrolled in the District to a school-sponsored field trip, extracurricular activity, or any other similar event, it will also provide transportation back to either the point of departure or to the appropriate school in the District unless a student's parent or legal guardian has provided the District with written notice, consistent with District policy, authorizing an alternative form of return transportation for the student. In cases where intervening circumstances make transportation of a student back to the point of departure or to the appropriate school in the District impractical, and the parent has not authorized alternative return transportation, a representative of the District will remain with the student until the student's parent or legal guardian has been contacted and informed of the intervening circumstances and the student has been delivered to his or her parent.

**Use of Portable Electronic Devices Prohibited**

For purposes of this policy, and in accordance with applicable law, the terms below will be defined as follows:

- a) "Portable electronic device" means any mobile telephone (hand-held or "hands-free"), personal digital assistant (PDA), portable device with mobile data access, laptop computer, pager, broadband personal communication device, two-way messaging device, electronic game, portable computing device, or any other electronic device when used to input, write, send, receive, or read text for present or future communication.
- b) "Using" means holding a portable electronic device while viewing, taking or transmitting images, playing games, or for the purpose of present or future communication: performing a command or request to access a World Wide Web page, composing, sending, reading, viewing, accessing, browsing, transmitting, saving, or retrieving email, text messages, instant messages, or other electronic data.
- c) "In operation" means that the bus engine is running, whether in motion or not.

The use of portable electronic devices by a school bus driver at times the vehicle is in operation on the roadway poses a potential safety risk. All school bus drivers are prohibited from using portable electronic devices while the bus is in operation.

**Safety Rules and Inspections**

The Transportation Supervisor, in cooperation with the principals, has the responsibility of developing and publishing safety rules to be followed by drivers and passengers, including rules of student conduct. In order to ensure maximum safety to those riding school buses, it is necessary that students and drivers cooperate in this effort.

(Continued)

**SUBJECT: SCHOOL BUS SAFETY (Cont'd.)**

All buses and other vehicles owned by vendors/contract bus companies with whom the District contracts will have frequent safety inspections and be serviced regularly. The Transportation Supervisor will maintain a comprehensive record of all maintenance performed on each vehicle.

Every bus driver is required to report promptly to the Transportation Supervisor any school bus accident, regardless of the severity, involving death, injury, or property damage.

**SUBJECT: IDLING SCHOOL BUSES ON SCHOOL GROUNDS**

The District recognizes the need to promote the health and safety of District students and staff and to protect the environment from harmful emissions found in bus and vehicle exhaust. The District will ensure that each driver of a school bus or other vehicle owned, leased, or contracted for by the District turns off the engine of the bus or vehicle while waiting for passengers to load or off load on school grounds, or while the vehicle is parked or standing on school grounds or in front of or adjacent to any school. Rather than waiting for all buses to arrive before loading or unloading, individual buses will be promptly loaded and unloaded to minimize idling.

**Exceptions**

Unless otherwise required by state or local law, the idling of a school bus or vehicle engine may be permitted to the extent necessary to achieve the following purposes:

- a) For mechanical work;
- b) To maintain an appropriate temperature for passenger comfort and/or safety; or
- c) In emergency evacuations and/or where necessary to operate wheelchair lifts.

**SUBJECT: DRUG AND ALCOHOL TESTING FOR SCHOOL BUS DRIVERS**

In order to help prevent accidents and injuries resulting from the misuse of drugs and/or alcohol by school bus drivers, the Board adopts this policy in compliance with federal and state law and regulation.

The District has designated the following individual to answer driver questions about this policy and related materials: School Business Administrator.

**Drug and Alcohol Testing Program**

School bus drivers are subject to drug and/or alcohol testing in a variety of circumstances. The District will comply with all federal and state law and regulation regarding the implementation of a drug and alcohol testing program for school bus drivers.

The District will ensure that vendors or contract bus companies either establish and manage their own drug and alcohol testing program or by contract have a consortium/third-party administrator manage all, or part of, their drug and alcohol testing program for school bus drivers.

Under federal law and regulation, individuals who operate a Commercial Motor Vehicle (CMV) designed to transport 16 or more occupants (including the driver) and are subject to commercial driver's license (CDL) requirements established by the United States Department of Transportation are safety-sensitive employees and are subject to the following drug and/or alcohol testing:

- a) **Pre-employment drug testing** which will be conducted after a conditional offer to hire has been extended, but before the actual performance of safety-sensitive functions for the first time. This pre-employment testing will also be required when employees transfer to a safety-sensitive position.
- b) **Random drug and/or alcohol testing** which will be conducted on an unannounced basis.
- c) **Reasonable suspicion drug and/or alcohol testing** which will be conducted when reasonable suspicion exists that a driver has engaged in prohibited use of drugs and/or alcohol. The required observation for reasonable suspicion drug and/or alcohol testing must be made by a supervisor or official who has been trained in accordance with federal law and regulation.
- d) **Post-accident drug and/or alcohol testing** which will be conducted as soon as practicable following certain occurrences involving a CMV operating on a public road.
- e) **Return-to-duty drug and/or alcohol testing** which will be conducted on a driver who has engaged in prohibited drug and/or alcohol conduct before the driver returns to perform a safety-sensitive function.

(Continued)

**SUBJECT: DRUG AND ALCOHOL TESTING FOR SCHOOL BUS DRIVERS (Cont'd.)**

- f) **Follow-up drug and/or alcohol testing** which will be conducted on a driver who has engaged in prohibited drug and/or alcohol conduct and has returned to performing a safety-sensitive function. This testing will be conducted on an unannounced basis in accordance with a written follow-up testing plan developed by a substance abuse professional (SAP).

All procedures used to test for the presence of drugs and/or alcohol will conform to the requirements outlined in federal law and regulation for protecting the driver and the integrity of the testing process, safeguarding the validity of the test results, and ensuring that all test results are attributed to the correct driver.

Under New York State law and regulation, all school bus drivers are subject to pre-employment and random drug and alcohol testing in accordance with the provisions and requirements of federal regulations, regardless of CDL endorsement. Every school bus driver will be included in the random testing pool and must submit to testing when selected.

**Prohibitions and Consequences for School Bus Drivers**

Under federal law and regulation, individuals who operate a CMV designed to transport 16 or more occupants (including the driver) and are subject to CDL requirements established by the United States Department of Transportation are prohibited from:

- a) Reporting for duty or remaining on duty to perform safety-sensitive functions while having an alcohol concentration of 0.04 or greater. If testing shows an alcohol concentration of 0.02 or greater but less than 0.04, the employee must be removed from performing safety-sensitive functions for not less than 24 hours, but no punitive action will be taken by the employer;
- b) Using alcohol while performing safety-sensitive functions;
- c) Performing safety-sensitive functions within four hours after using alcohol;
- d) When required to take a post-accident alcohol test, using alcohol within eight hours following the accident or prior to undergoing a post-accident alcohol test, whichever comes first;
- e) Refusing to submit to a drug or alcohol test required by post-accident, random, reasonable suspicion, return-to-duty, or follow-up testing requirements;
- f) Refusing to submit to a pre-employment drug test;

(Continued)

**SUBJECT: DRUG AND ALCOHOL TESTING FOR SCHOOL BUS DRIVERS (Cont'd.)**

- g) Reporting for duty or remaining on duty, requiring the performance of safety-sensitive functions, when the driver uses any drugs, as defined by federal law and regulation. This prohibition does not apply when the use is pursuant to the instructions of a licensed medical practitioner who is familiar with the driver's medical history and has advised the driver that the substance will not adversely affect the driver's ability to safely operate a CMV; or
- h) Reporting for duty, remaining on duty, or performing a safety-sensitive function, if the driver tests positive for drugs.

Additionally, under New York State law, all school bus drivers are prohibited from:

- a) Consuming a drug or intoxicating liquor, regardless of its alcoholic content, or be under the influence of a drug or intoxicating liquor, within six hours before going on duty or operating, or having physical control of a bus;
- b) Consuming a drug or intoxicating liquor, regardless of its alcoholic content while on duty, or operating, or in physical control of a bus; or
- c) Possessing a drug or intoxicating liquor, regardless of its alcoholic content while on duty, operating or in physical control of a bus. However, this paragraph does not apply to the possession of a drug or intoxicating liquor which is transported as part of a shipment or personal effects of a passenger or to alcoholic beverages which are in sealed containers.

It is the employer's responsibility to ensure that no school bus driver:

- a) Violates any of the above listed provisions of New York State law; or
- b) Be on duty or operate a school bus if, by a person's general appearance or by a person's conduct or by other substantiating evidence, a person appears to have consumed a drug or intoxicating liquor within the preceding eight hours.

Any violation of this policy, District procedures, and/or applicable federal and state law and regulation by a school bus driver will be grounds for disciplinary action and penalties including, but not limited to, fines, suspension, and/or discharge in accordance with the District's and/or the vendors' or contract bus companies' policies, collective bargaining agreements, and applicable law.

Drivers who are found to have engaged in prohibited conduct under federal law and regulation will be removed immediately from safety-sensitive functions and will not be allowed to return to perform safety-sensitive functions until they:

- a) Are evaluated by a SAP;

(Continued)

**SUBJECT: DRUG AND ALCOHOL TESTING FOR SCHOOL BUS DRIVERS (Cont'd.)**

- b) Complete any requirements for rehabilitation as set by the employer and the SAP; and
- c) Pass a return-to-duty test with the result below 0.02 if the conduct involved alcohol, or a drug test with a verified negative result if the conduct involved drug use.

**The Drug and Alcohol Clearinghouse**

The Drug and Alcohol Clearinghouse ("Clearinghouse") is a secure online database that provides real-time information about CDL and commercial learner's permit holder's drug and alcohol program violations. The District will comply with all federal law and regulation regarding the Clearinghouse.

In accordance with 49 CFR Part 382, the following personal information will be collected, maintained, and reported to the Clearinghouse:

- a) A verified positive, adulterated, or substituted drug test result;
- b) An alcohol confirmation test with a concentration of 0.04 or higher;
- c) A refusal to submit to any required test;
- d) An employer's report of actual knowledge of:
  - 1. On duty alcohol use;
  - 2. Pre-duty alcohol use;
  - 3. Alcohol use following an accident; and
  - 4. Drug use;
- e) A SAP's report of the successful completion of the return-to-duty process;
- f) A negative return-to-duty test; and
- g) An employer's report of completion of follow-up testing.

**Prohibitions and Consequences for Vendors or Contract Bus Companies**

Any significant violation of this policy or District procedures, and applicable federal and state law and regulation by a vendor or contract bus company and its employees will result in revocation of its contract for the transportation of students.

(Continued)

**SUBJECT: DRUG AND ALCOHOL TESTING FOR SCHOOL BUS DRIVERS (Cont'd.)****Employee Notification**

The Superintendent or designee will ensure that vendors or contract bus companies receive a copy of educational materials that explain the requirements of drug and alcohol testing law and regulation and any policies, regulations, and/or procedures developed by the District with respect to meeting those requirements. The Superintendent or designee will ensure that a copy of these materials is distributed to vendors or contract bus companies, who will sign for receipt of all of the above documents, as well as other appropriate personnel, prior to the start of any drug and/or alcohol testing as well as at the beginning of each school year or at the time of hire for any school bus driver.

The Superintendent or designee will further ensure that vendors or contract bus companies receive a copy of the District's educational materials concerning: the effects of drug and alcohol use on an individual's health, work, and personal life; signs and symptoms of a drug or alcohol problem (the driver's or a co-worker's); and available methods of intervening when a drug or alcohol problem is suspected, including confrontation, referral to any employee assistance program, and/or referral to management.

The Superintendent or designee can assist vendors or contract bus companies with arrangements for training of all supervisors who may be utilized to determine whether reasonable suspicion exists to test a driver for prohibited conduct involving the drugs and/or alcohol.

**Records Management and Retention**

Employee records relating to drug and/or alcohol testing, as well as to substance abuse and/or alcohol prevention programs, will be maintained in accordance with law and regulation. All employee drug and/or alcohol testing will be kept confidential and will only be revealed as required or authorized by law or regulation.
