**SUBJECT: SCHOOL CONDUCT AND DISCIPLINE**

The Board of Education acknowledges its responsibility to protect the educational climate of the District and to promote responsible student behavior. Accordingly, the Board delegates to the Superintendent the responsibility for assuring the implementation of a *Code of Conduct for the Maintenance of Order on School Property*, including school functions, which shall govern the conduct of students as well as teachers, other school personnel, and visitors. The Board shall further provide for the enforcement of such Code of Conduct. The District Code of Conduct shall be developed in collaboration with student, teacher, administrator, and parent organizations, school safety personnel and other personnel and shall incorporate, at a minimum, those components addressed in law and enumerated in Policy #3410 -- *Code of Conduct on School Property*. Specific components may vary as appropriate to student age, building levels, and educational needs.

In accordance with the *Code of Conduct on School Property*, areas addressing student conduct and behavior will further utilize the following strategies in promoting acceptable student behavior:

- a) A bill of rights and responsibilities of students that focuses upon positive student behavior, and is publicized and explained to all students on an annual basis;
- b) A Code of Conduct for student behavior setting forth prohibited student conduct and the range of penalties that may be imposed for violation of such Code, that is publicized and disseminated to all students and parents/guardians on an annual basis pursuant to law;
- c) Strategies and procedures for the maintenance and enforcement of public order on school property that shall govern the conduct of all persons on school premises, in accordance with Section 2801 of the Education Law and accepted principles of due process of law;
- d) Procedures within each building to involve student service personnel, administrators, teachers, parents/guardians and students in the early identification and resolution of discipline problems. For students identified as having disabilities, procedures are included for determining when a student's conduct shall constitute a reason for referral to the Committee on Special Education for review and modification, if appropriate, of the student's individualized education program;
- e) Alternative educational programs appropriate to individual student needs;
- f) Disciplinary measures for violation of the school policies developed in accordance with subparagraphs b) and c) of this paragraph. Such measures shall be appropriate to the seriousness of the offense and, where applicable, to the previous disciplinary record of the student. Any suspension from attendance upon instruction may be imposed only in accordance with Section 3214 of the Education Law; and

**SUBJECT: LOSS OR DESTRUCTION OF DISTRICT PROPERTY OR RESOURCES**

The District is authorized to seek restitution, through civil action when necessary, from the parent or guardian of an unemancipated student over the age of ten (10) and under the age of eighteen (18) where such student:

- a) Has willfully, maliciously, or unlawfully damaged, defaced or destroyed real or personal property in the care, custody and/or ownership of the District; or
- b) Has knowingly entered or remained in a District building, and wrongfully taken, obtained or withheld personal property owned or maintained by the District.

In instances where the District has sought and obtained a judgment from a court of competent jurisdiction, parent/guardian liability for civil damages shall not exceed five thousand dollars (\$5,000). Under certain circumstances, prior to the entering of a judgment in the sum total of five hundred dollars (\$500) or more, a court may consider the parent's or guardian's financial inability to pay any portion or all of the amount of damages which are in excess of five hundred dollars (\$500), and enter a judgment in an amount within the financial capacity of the parent or guardian. However, no such judgment shall be entered for an amount which is less than five hundred dollars (\$500).

**False Reporting of an Incident and/or Placing a False Bomb**

A School District is also authorized to seek restitution, as described in law, from a parent or guardian of an unemancipated student over the age of ten (10) and under the age of eighteen (18) where such student:

- a) Has falsely reported an incident; or
- b) Has placed a false bomb as defined in the New York State Penal Law.

Damages for falsely reporting an incident or placing a false bomb shall mean the funds reasonably expended by the School District in responding to such false report of an incident or false bomb, less the amount of any funds which have been or will be recovered from any other source as enumerated in law.

In seeking restitution, the School District shall file with the court, district attorney and defense counsel an affidavit stating that the funds reasonably expended for which restitution is being sought have not been and will not be recovered from any other source or in any other civil or criminal proceeding, except as provided for pursuant to General Obligations Law Section 3-112.

**SUBJECT: STUDENT DRESS CODE**

The responsibility for the dress and appearance of students shall rest with individual students and parents. They have the right to determine how the student shall dress, provided that such attire does not interfere with the operation of the school or infringe upon the general health, safety and welfare of District students or employees. Student dress and appearance must be in accordance with the *District Code of Conduct*. The administration is authorized to take action in instances where individual dress does not meet these stated requirements.

While the school administration may require students participating in physical education classes to wear certain types of clothing such as sneakers, socks, shorts, and tee shirts, they may not prescribe a specific brand which students must wear.

This policy does not mean that student, faculty, or parent groups may not recommend appropriate dress for school or special occasions. It means that a student shall not be prevented from attending school or a school function, or otherwise be discriminated against, so long as his/her dress and appearance meet the above requirements.

NOTE: Refer also to *District Code of Conduct on School Property*

**SUBJECT: SUSPENSION OF STUDENTS**

The Superintendent and/or the Principal may suspend the following students from required attendance upon instruction:

- a) A student who is insubordinate or disorderly; or
- b) A student who is violent or disruptive; or
- c) A student whose conduct otherwise endangers the safety, morals, health or welfare of others.

When a student has been suspended and is of compulsory attendance age, immediate steps shall be taken to provide alternative instruction which is of an equivalent nature to that provided in the student's regularly scheduled classes.

**Suspension**Five Days or Less

The Superintendent and/or the Principal of the school where the student attends shall have the power to suspend a student for a period not to exceed five (5) school days. In the absence of the Principal, the designated "Acting Principal" may then suspend a student for a period of five (5) school days or less.

When the Superintendent or the Principal (the "suspending authority") proposes to suspend a student for five (5) school days or less, the suspending authority shall provide the student with **notice** of the charged misconduct. If the student denies the misconduct, the suspending authority shall provide an **explanation** of the basis for the suspension.

When suspension of a student for a period of five (5) school days or less is proposed, administration shall also immediately notify the parent/person in parental relation in writing that the student *may be* suspended from school.

Written notice shall be provided by personal delivery, express mail delivery, or equivalent means reasonably calculated to assure receipt of such notice within twenty-four (24) hours of the decision to propose suspension at the last known address or addresses of the parents/persons in parental relation. Where possible, notification shall also be provided by telephone if the school has been provided with a telephone number(s) for the purpose of contacting parents/persons in parental relation.

(Continued)

**SUBJECT: SUSPENSION OF STUDENTS (Cont'd.)**

The notice shall provide a description of the incident(s) for which suspension is proposed and shall inform the student and the parent/person in parental relation of their right to request an immediate informal conference with the Principal in accordance with the provisions of Education Law Section 3214(3)(b). Both the notice and the informal conference shall be in the dominant language or mode of communication used by the parents/persons in parental relation. At the informal conference, the student and/or parent/person in parental relation shall be authorized to present the student's version of the event and to ask questions of the complaining witnesses.

The notice and opportunity for informal conference shall take place **prior to** suspension of the student unless the student's presence in the school poses a continuing danger to persons or property or an ongoing threat of disruption to the academic process, in which case the notice and opportunity for an informal conference shall take place as soon after the suspension as is reasonably practical.

Teachers shall immediately report or refer a violent student to the Principal or Superintendent for a violation of the *District's Code of Conduct* and a minimum suspension period.

More Than Five School Days

In situations where the Superintendent determines that a suspension in excess of five (5) school days may be warranted, the student and parent/person in parental relation, upon reasonable notice, shall have had an opportunity for a fair hearing. At the hearing, the student shall have the right of representation by counsel, with the right to question witnesses against him/her, and the right to present witnesses and other evidence on his/her behalf.

Where the basis for the suspension is, in whole or in part, the possession on school grounds or school property by the student of any firearm, rifle, shotgun, dagger, dangerous knife, dirk, razor, stiletto or any of the weapons, instruments or appliances specified in Penal Law Section 265.01, the hearing officer or Superintendent shall not be barred from considering the admissibility of such weapon, instrument or appliance as evidence, notwithstanding a determination by a court in a criminal or juvenile delinquency proceeding that the recovery of such weapon, instrument or appliance was the result of an unlawful search or seizure.

Minimum Periods of Suspension

Pursuant to law, Commissioner's Regulations and the *District's Code of Conduct*, minimum periods of suspension shall be provided for the following prohibited conduct, subject to the requirements of federal and state law and regulations:

(Continued)

## Students

**SUBJECT: SUSPENSION OF STUDENTS (Cont'd.)**

- a) Consistent with the federal Gun-Free Schools Act, any student who is determined to have brought a weapon to school or possessed a weapon on school premises shall be suspended for a period of not less than one (1) calendar year. However, the Superintendent has the authority to modify this suspension requirement on a case-by-case basis.
- b) A minimum suspension period for students who repeatedly are substantially disruptive of the educational process or substantially interfere with the teacher's authority over the classroom, provided that the suspending authority may reduce such period on a case-by-case basis to be consistent with any other state and federal law. The definition of "repeatedly is substantially disruptive of the educational process or substantially interferes with the teacher's authority" shall be determined in accordance with the Regulations of the Commissioner.
- c) A minimum suspension period for acts that would qualify the student to be defined as a violent student pursuant to Education Law Section 3214(2-a)(a), provided that the suspending authority may reduce such period on a case-by-case basis to be consistent with any other state and federal law.

**Suspension of Students with Disabilities**

Generally, should a student with a disability infringe upon the established rules of the schools, disciplinary action shall be in accordance with procedures set forth in the *District's Code of Conduct* and in conjunction with applicable law and the determination of the Committee on Special Education (CSE).

For suspensions or removals up to ten (10) school days in a school year that do not constitute a disciplinary change in placement, students with disabilities must be provided with alternative instruction or services on the same basis as non-disabled students of the same age.

If suspension or removal from the current educational placement constitutes a disciplinary change in placement because it is for more than ten (10) consecutive school days or constitutes a pattern because the suspensions or removals cumulate to more than ten school days in a school year, a manifestation determination must be made.

**Manifestation Determinations**

A review of the relationship between the student's disability and the behavior subject to disciplinary action to determine if the conduct is a manifestation of the disability must be made by a manifestation team immediately, if possible, but in no case later than ten (10) school days after a decision is made:

(Continued)

Students

**SUBJECT: SUSPENSION OF STUDENTS (Cont'd.)**

- a) By the Superintendent to change the placement to an interim alternative educational setting (IAES);
- b) By an Impartial Hearing Officer (IHO) to place the student in an IAES; or
- c) By the Board, District Superintendent, Superintendent or building principal to impose a suspension that constitutes a disciplinary change of placement.

The manifestation team shall include a representative of the District knowledgeable about the student and the interpretation of information about child behavior, the parent and relevant members of the CSE as determined by the parent and the District. The parent must receive written notice prior to the meeting to ensure that the parent has an opportunity to attend. This notice must include the purpose of the meeting, the names of those expected to attend and notice of the parent's right to have relevant members of the CSE participate at the parent's request.

The manifestation team shall review all relevant information in the student's file including the student's individualized education program (IEP), any teacher observations, and any relevant information provided by the parents to determine if: the conduct in question was caused by or had a direct and substantial relationship to the student's disability; or the conduct in question was the direct result of the District's failure to implement the IEP.

**Finding of Manifestation**

If it is determined, as a result of this review, that the student's behavior is a manifestation of his/her disability the CSE shall conduct a functional behavioral assessment and implement or modify a behavioral intervention plan. Unless the change in placement was due to behavior involving serious bodily injury, weapons, illegal drugs or controlled substances, the student must be returned to the placement from which the student was removed unless the parent and the District agree to a change of placement as part of the modification of the behavioral intervention plan.

**No Finding of Manifestation**

If it is determined that the student's behavior is not a manifestation of his/her disability, the relevant disciplinary procedures applicable to students without disabilities may be applied to the student in the same manner and for the same duration for which they would be applied to students without disabilities, subject to the right of the parent/person in parental relation to request a hearing objecting to the manifestation determination and the District's obligation to provide a free, appropriate public education to such student.

Students

**SUBJECT: SUSPENSION OF STUDENTS (Cont'd.)****Provision of Services Regardless of the Manifestation Determination**

Regardless of the manifestation determination, for subsequent suspensions or removals for ten (10) consecutive school days or less that in the aggregate total more than ten (10) school days in a school year but do not constitute a disciplinary change of placement, and for suspensions or other disciplinary removals in excess of ten (10) school days in a school year which do constitute a disciplinary change in placement for behavior, the CSE shall determine the services to be provided to students with a disability necessary for them to continue to participate in the general education curriculum and progress toward meeting the goals set out in their IEP, and shall conduct or provide, as appropriate, a functional behavioral assessment, behavioral intervention services and modifications that are designed to address the behavior violation so it does not recur.

**Interim Alternative Educational Setting (IAES)**

Students with disabilities who have been suspended or removed from their current placement for more than ten (10) school days may, as determined by the CSE, be placed in an IAES which is a temporary educational setting other than the student's current placement at the time the behavior precipitating the IAES placement occurred.

Additionally, the District may seek an order from a hearing officer for a change in placement of a student with a disability to an appropriate IAES for up to forty-five (45) school days if the District establishes, in accordance with law, that such student is substantially likely to injure himself/herself or others.

There are three (3) specific instances when a student with a disability may be placed in an IAES for up to forty-five (45) school days without regard to a manifestation determination:

- a) Where the student carries or possesses a weapon to or at school, on school premises, or to or at a school function under the jurisdiction of the District; or
- b) Where a student knowingly possesses or uses illegal drugs or sells or solicits the sale of a controlled substance while at school, on school premises, or at a school function under the jurisdiction of the District; or
- c) Where a student has inflicted serious bodily injury upon another person while at school, on school premises, or at a school function under the jurisdiction of the District. Serious bodily harm has been defined in law to refer to one of the following:

(Continued)

**SUBJECT: SUSPENSION OF STUDENTS (Cont'd.)**

1. Substantial risk of death;
2. Extreme physical pain; or
3. Protracted and obvious disfigurement or protracted loss or impairment of the function of a bodily member, organ or mental faculty.

A school function shall mean a school-sponsored or school-authorized extracurricular event or activity regardless of where such event or activity takes place, including any event or activity that may take place in another state.

School personnel may consider any unique circumstances on a case-by-case basis when determining whether to order a change in placement for a student with a disability who violates a code of student conduct.

In all cases, the student placed in an IAES shall:

- a) Continue to receive educational services so as to enable the student to continue to participate in the general education curriculum, although in another setting, and to progress towards the goals set out in the student's IEP, and
- b) Receive, as appropriate, a functional behavioral assessment and behavioral intervention services and modifications that are designed to address the behavior violation so that it does not recur.

The period of suspension or removal may not exceed the amount of time a non-disabled student would be suspended for the same behavior.

**Suspension From BOCES**

The BOCES Principal may suspend School District students from BOCES classes for a period not to exceed five (5) school days when student behavior warrants such action.

**In-School Suspension**

In-school suspension will be used as a lesser discipline to avoid an out-of-school suspension. The student shall be considered present for attendance purposes. The program is used to keep each student current with his/her class work while attempting to reinforce acceptable behavior, attitudes and personal interaction.

(Continued)

**SUBJECT: SUSPENSION OF STUDENTS (Cont'd.)****BOCES Activities**

BOCES activities, such as field trips and other activities outside the building itself, are considered an extension of the school program. Therefore, an infraction handled at BOCES is to be considered as an act within the School District itself.

A student who is ineligible to attend a District school on a given day may also be ineligible to attend BOCES classes. The decision rests with the Superintendent or his/her designee.

**Exhaustion of Administrative Remedies**

If a parent/person in parental relation wishes to appeal the decision of the Building Principal and/or Superintendent to suspend a student from school, regardless of the length of the student's suspension, the parent/person in parental relation must appeal to the Board of Education prior to commencing an appeal to the Commissioner of Education.

**SUBJECT: STUDENT USE OF COMPUTERIZED INFORMATION RESOURCES**

The Board of Education will provide access to various computerized information resources through the District's computer system ("DCS" hereafter) consisting of software, hardware, computer networks and electronic communications systems. This may include access to electronic mail, so-called "on-line services" and the "Internet." It may include the opportunity for some students to have independent access to the DCS from their home or other remote locations. All use of the DCS, including independent use off school premises, shall be subject to this policy and accompanying regulations. Further, all such use must be in support of education and/or research and consistent with the goals and purposes of the School District.

One purpose of this policy is to provide notice to students and parents/guardians that, unlike most traditional instructional or library media materials, the DCS will allow student access to external computer networks not controlled by the School District where it is impossible for the District to screen or review all of the available materials. Some of the available materials may be deemed unsuitable by parents/guardians for student use or access. This policy is intended to establish general guidelines for acceptable student use. However, despite the existence of such District policy and accompanying guidelines and regulations, it will not be possible to completely prevent access to computerized information that is inappropriate for students. Furthermore, students may have the ability to access such information from their home or other locations off school premises. Parents/guardians of students must be willing to set and convey standards for appropriate and acceptable use to their children when using the DCS or any other electronic media or communications. The District respects the right of each family to decide whether or not to apply for independent computer access.

Student use of the DCS is conditioned upon written agreement by all students and their parents/guardians that student use of the DCS will conform to the requirements of this policy and any regulations adopted to ensure acceptable use of the DCS. All such agreements shall be kept on file in the District Office.

Generally, the same standards of acceptable student conduct which apply to any school activity shall apply to use of the DCS. This policy does not attempt to articulate all required and/or acceptable uses of the DCS; nor is it the intention of this policy to define all inappropriate usage. Administrative regulations will further define general guidelines of appropriate student conduct and use as well as proscribed behavior.

District students shall also adhere to the laws, policies and rules governing computers including, but not limited to, copyright laws, rights of software publishers, license agreements, and student rights of privacy created by federal and state law.

(Continued)

Students

**SUBJECT: STUDENT USE OF COMPUTERIZED INFORMATION RESOURCES  
(Cont'd.)**

Students who engage in unacceptable use may lose access to the DCS in accordance with applicable due process procedures, and may be subject to further discipline under the District's school conduct and discipline policy and the Student Discipline Code of Conduct. The District reserves the right to pursue legal action against a student who willfully, maliciously or unlawfully damages or destroys property of the District. Further, the District may bring suit in civil court against the parents/guardians of any student who willfully, maliciously or unlawfully damages or destroys District property pursuant to General Obligations Law Section 3-112.

Student data files and other electronic storage areas will be treated like school lockers. This means that such areas shall be considered to be School District property subject to control and inspection. The computer coordinator may access all such files and communications to ensure system integrity and that users are complying with the requirements of this policy and accompanying regulations. Students should **NOT** expect that information stored on the DCS will be private.

Regulations will be established as necessary to implement the terms of this policy
